# Torii's Winter Adventure

**written by  
Janelle Condra**

**illustrated by  
Alan Condra**

Hi, my name is Torii.

It is winter here in the woods, which is my favorite place to be in any season. I live where there is lots of snow in the winter. Snow makes playing and exploring so much fun! Some of my animal friends sleep all winter, but many are out in the woods having fun, too. I go on adventures in the woods in the spring, summer, fall, and even now in the winter! My family comes along, and likes to take pictures of me while I'm on my adventures. They even made me a photo album of my very own so I can share all the fun I've had. I am looking at it right now.

Come and look at my photo album with me!  
You can see how Marli is growing and I will  
tell you about my favorite winter holiday –  
Christmas! Then I will show you some pictures  
of a fun winter adventure in the woods!

Last fall I had a big surprise when my family brought Marli home to live with us. She was little then, but got bigger every day.

We like to play together all the time. One of our favorite games is tug of war.
