RE: SCA#2 Ash Landfill  
Post-Closure Plan

Dear Rusty,

I have prepared the SCA #2 Ash Landfill Post-Closure Plan dated October 14, 2016. This plan has been prepared in accordance with the requirements of 40 CFR Section 257.104 for an existing CCR landfill.

This Post-Closure Plan is focused on the care, maintenance and monitoring that will occur throughout the 30 year Post-closure care period. This will maintain the integrity and effectiveness of the final cover system, including making repairs to the cover as necessary to correct the effects of settlement, subsidence, erosion or other events, and preventing run-on and run-off from eroding or otherwise damaging the final cover.

Sincerely,

S. Scott Carlson, PE. PLS  
Twin Peaks P.C.
