

Amazing Gracey™

Our smart methods of 100% made-in-the-USA manufacturing enable us to significantly improve the Gracey design in a way that practitioners can easily see and experience for themselves. PDT's new Amazing Graceys™ are designed for easier adaptation to the tooth surface with more efficient contact! The practitioner uses fewer strokes resulting in less stress on both the patient and the professional, and reduced patient chair-time.

• Highest quality 440A stainless steel
• Unique heat treat and cryogenic formula

• Ultra light, solid resin handle
• Ultimate tactile sensitivity

• Color-coded for faster recognition and set-ups!

• Sharper, harder, tougher blades
• Holds edge longer, needs less sharpening
• Longer instrument life

• Comfortable large diameter handle
• Exclusive extended knurling
• Superior control and torque
