

Dan Gardner and his wife Trish are proud to announce the opening of eBike315, America's newest and largest eBike store, located in the former Agway building at 210 North Main St. here in beautiful Newark NY. Adjacent to the Empire State Trail.

The couple are originally from Wayne County, having spent many years involved in various business enterprise in and around upstate NY.

Dan and Trish moved to Daytona Beach Florida in 2011, opening the first eBike rental shop in Florida. That business took off and they expanded into eBike sales and service as well, becoming the largest such operation in the southeast US.

Missing their grandchildren, Dan and Trish decided to sell their Florida operation and move back to Wayne County. Choosing Newark for their new home and business.

The new shop opened in May of 2023 and has done well bringing folks from all over the northeast to Newark to try out and buy eBikes. Representing all major eBike brands and servicing electric and conventional bikes as well.
