

RIVER OF LIFE

Traveling down,
Turning corners round,
You're rowing down the river of life.

Gliding along,
Hear the river's song,
You're rowing down the river of life.

Let go and feel the flow.
Make your plans, then let them go.
What you want is round the bend.
Use your oars, but let God lend
a helping hand.

Moving ahead,
No fear, no dread,
You're rowing down the river of life.

Now fast, now still,
Feel the flow of God's will,
You're rowing down the river of life.

Let go and feel the flow.
Do what you can, then let it go.
What you want is round the bend.
Use your oars, but let God lend
a helping hand.

Rowing downstream,
Heading toward your dream,
You're rowing down the river of life.
You're rowing down the river
of your life.
