Landowners Rev Up for Special Homecoming

This year’s 2018 KILA Homecoming will prove to be extra special since it will be held on two days, Friday, August 10 and Saturday, August 11. Friday night will feature the Unchained Band playing Country and Rock and Roll music from 5 p.m. to 10 p.m. Refreshments, beer and the famous Beer Slide plus dancing will prove to make this a fun night.

Come back on Saturday, August 11 when events start off with our annual parade at 11 a.m. The theme of the parade this year will be ‘Honoring Those Who Serve’ with two parade Marshalls, Bernie Koshla, dedicated EMT for almost 20 years and also Bill and Barb Coleman founders of Kelleys Island Landowners in the 70’s. There will be refreshments, the beer slide, clowns, games, a pie contest, bands and a great deal of family fun for everyone. Frank and Dean will serenade the crowd from 12 to 2 p.m. and then the Fat City Band will be on board from 2:30 to 4:30 p.m. giving everyone a chance to sing and dance.

If you have ever attended Estes School on Kelleys Island OR have a history of visiting Kelleys Island as a child or as a young adult make sure to come to have your picture taken at 1 p.m. where people will be gathering at the tennis courts. This is what Homecoming is all about—coming back home to Kelleys and making new friends and visiting old friends. See you there!

From the Mayor’s Desk

I don’t know about the rest of you, but if someone could have a discussion with Mother Nature and advise her that we are ready for weather that isn’t full of surprises, it would be much appreciated.

I don’t have much to report for this issue, but what I have I think is pretty special.

In the May Council meeting, a proclamation was passed declaring June 12, 2018 in the Village of Kelleys Island as ‘Danny Ahner Day’. When one looks back over Danny’s life it uncovers a man that was a husband, father, war veteran, a successful business man and a resident that was deeply involved in the communities in which he resided not only by his personal involvement but in his financial generosity.

Whenever I had a chance to converse with Danny, I always came away with a nugget of information that I didn’t know prior to our conversation and not to mention a few gems of humor that he had spiced in during the conversation.

The search for a new Village Administrator came to a conclusion on May 18 when, at a Special Council Meeting, it was determined that Kim Valentine would be the individual to assume this very important position in our Village management organization.

Kim received a BS in Business Administration and an MBA from Please turn to page 2

Yet another successful clean up took place on the Island in celebration of Earth Day, April 21st 2018. Over 50 people attended and covered the beach from North Pond trail, to the State Park boat launch, and along Titus Rd. to the turn just before West Bay. We were treated to coffee and breakfast burritos from Bred and Lynn at the Island House in the morning.

(Thanks once again for your support!) We set out earlier than expected and made our way to the beach, splitting into several groups to cover as much area as possible. One group headed towards North Pond trail, while a different group started at the fish cleaning hut near the beach at the State Park. They worked the beach

News From The Kelleys Island Historical Assoc. (KIHA)

Leslie Kornka

The Kelleys Island Historical Assoc.’s goal is to preserve our past – but that doesn’t mean we are stuck there. Every year we make just a few more improvements. Six years ago we opened the doors to our new museum building. This was a major milestone. Four years ago we installed drainage around the church and parsonage to eliminate standing water in the crawl spaces. Three years ago we cleaned up the outhouse in the back yard (you probably didn’t know it was there). Two years ago we did a complete overhaul of our museum, reorganizing the space into zones (wineries, quarries, fishing, home life, etc.). This allowed us to create better displays, bring some hidden treasures from our archives, and tell the story of this island’s remarkable past through hundreds of photos.

Every year we try to bring something new to our displays. This year we feature Island Bathing Beauties Of The 1950's and the History of Electricity on The Island. Late last year, we finally found a use for the house next to the church and opened up the Parsonage Resale Shop. This proved to be very popular. So much so, that our rooms overflow and we are in need of some volunteers to keep it open. Proceeds from the shop are being used to patch the very large hole in the kitchen floor (currently covered by a thick piece of plywood) and to bring electricity back into the building (it was shut off three years ago to prevent fires that class as an 8 and 9 year old. When she turned 10, she moved up a class, completing the 1/8 mile in 8.90 seconds at 75 miles per hour. Her final year in 9.80 was 2017, so Ava will move up one more class where she will complete the 1/8 mile in 7.90 seconds, the class in which she will race in under 8.00. This year, Ava joins the Junior Drag Racing Career at age 17.

Ava is the first born of 4 young ladies in the Lawson family and enjoys very much when her sisters can watch her races at National Trails Dragway, Dragway 42, Pacemakers Dragway, Milan Dragway and even Bristol Dragway in Tennessee.

Ava’s family is very proud of all of her accomplishments and look forward to cheering her on for years to come!

Ava Lawson

powerhouse driver in a class dominated by men. Ava watched and looked up to Ashley. Force Hood as many other kids look up to their favorite athlete. Force Hood is known as the Queen of Hearts, paying homage to Ashley.

From the Mayor’s Desk

I know that I have been writing about the telecommunication tower that is to be constructed at the University of Toledo in 1976 and 1984 respectively. Kim’s resume includes thirteen-nine years with the Toledo Power Train Division of General Motors. During this time Kim held positions of Quality Control Inspector, Manufacturing Supervisor, Global Manufacturing Network Trainer, Manufacturing Management and General Supervisor. After retiring from GM Kim spent five years at Owens Community College where for two years he was an Adjunct Instructor in the College of Business and in his final three years he Chaired the Business Management Department. Kim is a retired Lieutenant Commander 0-4 from the US Coast Guard Reserve. Kim resides full time on the island with his wife Julie.

I have been writing about the construction project helps the village in two areas. One, it will provide island cell phone reception. The second is the development of the historic marker in front of the church. The sign has a more rustic look and reflects the colors and design of the historic marker in front of the church.

June 2018
and tree line, where a lot of debris got caught as the waves flow over the beach during storms. We enjoy our spring events because the lack of foliage allows us to spot things that are tougher to see come fall. Another group went and walked down Titus Road, and the rest headed to the main beach area and spread out. The parking area and beach at the State Park were covered in debris. We sifted through the piles of sticks as best we could and let Scott Macdonald consolidate everything into a large pile (Don’t think we’ve met Scott, but thank so much for bringing down your bobcat). Most of things we find are heaps of items we are no strangers too, like of plastic, styro-foam, and metal. As a team we filled 44 bags of trash that were kindly disposed of by our friend Elic Watkins of Lake Disposal Services, free of charge (Can’t thank you enough for what you do for the group and the island)! At this point it was around lunch time, but were we in for a surprise! Ken and Roxanne Yost volunteered to make lunch for the entire crew! They prepared a spread including 3 different types of sliders, baked beans, potato salad, and brownies for dessert. After lunch the weather had seemed to chill down a little bit. Most of the group headed home but a few of us had a problem at the North Quarry that we still wanted to at least look at and fix if possible. In the quarry, near the trail head, a group of folks a couple clean ups ago spotted what appeared to be a dumping site that contained about 40 to 50 large metal barrels. We had talked about getting them out all winter but weren’t sure of how to go about. With the help of Chris Ashley and his winch, we were able to remove 18 of them and hope to have a better strategy for the rest of them. We are trying to plan a follow-up event in the fall that includes a sponsor or two, more details to follow! If you would like to see what we’re doing please follow us on Facebook Group: Kelleys Island Cleanups Krew. Alternatively, you can send an email to: kicleanupkrew@gmail.com to be added to our mailing list!

Thanks again to everyone that came out and helped out! We really couldn’t do it without you all!
Twenty-Four years is hard to comprehend. But here we are going strong. Last year, Cindra Mielke & I (Jeni Hammond) raised & donated $35,200.00, the most we have ever raised and donated to Make-A-Wish granting 4 wishes. We are truly grateful for all of your help in giving these children and their families something to remember for the rest of their lives.

For 2018 we are honoring Schooner, our Make-A-Wish Parrott (and his parents) who has been collecting money for us for many years. Schooner has delighted scores of our MAW children by letting them pet, hold, and kiss them. Get ready to support and have some fun, the Golf Cart Poker Run on Saturday, August 4th. With registration starting at 10am at Dockers Restaurant, cost is $10 per hand with no limit to how many hands you would like to play. It will end at KI Winery & Cantina. All sorts of games & raffles will be held at the Winery including, 50/50, Gift Baskets and more. The poker run will be released to start at 12noon and you must be at the Winery by 4pm for your hands to count.

Sunday, August 5th is our swim day. This year we are swimming from Starve Island to Portside Marina, sound familiar? We were going to do this one year ago but, due to the green algae being so bad, and Cindra just getting out of the hospital, I kayaked ½ around Kelleys with Cindra’s brother-in-law (who was wearing a blonde wig). Pray the water will be warm, the winds calm and NO GREEN ALGAE. Come to Portside Marina around 11:30am to see us swim in and to meet our special Wish Children from this year and past years. Then stay for our party at Docker’s. Free Perch, Pizzas, hotdogs & hamburgers. All thanks to donations from Docker’s, The Village Pump and Caddy Shack.

Our “Spirited” Raffle has two winners. A DOCK BOX filled with your favorite spirits or $1000 cash. First ticket gets choice, second gets whatever the first did not choose. Tickets are $5 each or 6 for $20. Tickets will be available ONLY at KELLEYS LANDING this year and from Jeni & Cindra. Kelleys Landing is located in Caddy Shack Square, behind the Putt Putt Golf course. The 2nd Raffle will be a guitar signed my all the Entertainers / Bands from this years “Rock on the Range”. Guitar donated by Woodsy’s in Kent/Medina.

This year’s Wish Children are Anna, despite fighting Acute Lymphoblastic Leukemia, Anna continues to be a happy, funny, 5-year old. Her wish is to go to Disney World. She loves playing games with her family, playing outside, cooking, and playing with dolls.

Ella, she has Langerhans Cell Histiocytosis, Ella is a 3-year-old little girl. Her wish is to go to Disney World. She enjoys watching Peppa Pig and Mickey Mouse, going on walks, coloring, painting, and doing fun activities with her family.

Come visit us at Portside Marina for any additional information or if you would like to help or donate. If you are planning on bringing your boat over make your boat reservations now, call Portside Marina at 419-746-2668 because we always sell out.

See you soon.

Ohio Craft Beer Week

Do you know there are over 240 breweries in Ohio? Our state is producing some of the best craft beer in the country and this summer our island establishments will be showcasing some of these brewers during the Ohio Craft Beer Week on Kelleys Island from June 9th through June 16th. There will be tastings, tap turnovers, food pairings, and live entertainment all week long. Kelleys Island will be featuring breweries big and small from Cleveland to Cincinnati and all points in between. Visit CaddyShack & Buckeye Bar event page on Facebook for a listing of events and times and please make plans to join us for a weekend, a quick day trip or maybe even the entire week and taste what Ohio and Kelleys Island has to offer.

Chamber of Commerce: An Update

The water levels are high and so is our productivity level here at the Chamber! In this update, we’ll cover two major things: news in our office and details for our upcoming events.

First, we’d like to extend a heartfelt thank you to the accommodating staff at The Kelleys Island Wine Co. for hosting us at the post-Derby Day Brunch. The event attracted just under 100 islanders, including Chamber members. We were treated to a delectable brunch spread from a mimosa and bloody Mary bar. The event was designed to educate people about the services and benefits of the Chamber. We were excited to recruit new volunteers, which proved to be the successful! We are so grateful to the 34 new volunteers who signed up to serve our organization. We look forward to working with all of you.

The office is abuzz with excitement over the Mad River Kelleys Island Bike Tour! This event is generously organized by Mad River Harley Davidson and all registration fees and benefits will be donated to the Chamber. Registration will be held Saturday, June 30th from 10am-2pm at the Mad River Harley Davidson location, 5316 Milan Rd. Sandusky, OH. The cost is $100.00 per player. Participants then set out for a scenic 25 minute ride on their motorcycles to the Kelleys Island West Main Street. Marblehead, OH. Each player will receive a wristband and a sponsor card which grants a special discounted rate of $20.00 per round to the round trip ferry ticket. The scorecards feature a map with selected locations. As players visit each one, they receive a stamp to commemorate their visit. Once all the stops have been visited, the card is complete and must be submitted to the Chamber. We look forward to a successful event.

The Chamber has hired two new staff members for the summer, Jordan Killam will serve as Office Manager and Jeffrey Delamater as additional support staff. Stop in and introduce yourself!

Congratulations to our newest associate member of the Chamber, Mike Priebe of Priebe Roofing and Restoration. Mr. Priebe’s business has served the Brunswick, Medina, Cleveland, and Northeastern Ohio area for over 50 years. Priebe Roofing and Restoration offers a full line of residential and commercial roofing services including gutters, siding, leaf guards, and roofing ventilation systems. We look forward to welcoming this business and residents to this valuable resource.

If you are searching for ways to make a difference on the island, the Chamber will gladly accept your help as a volunteer. In addition to event staffing needs, we have many roles available for people wishing to donate their time. This includes office help, painting, design and website work, advertising, and more. Please call at 419-746-2360 or send us an email at info@kelleysislandchamber.com for more information.

Schedule for upcoming Kelleys Island Chamber of Commerce Meetings:
- May 23 at 4pm
- June 20 at 4pm
- July 18 at 4pm
- August 15 at 4pm
- September 12 at 4pm (Board meeting and elections)

Did you know that you can support the Chamber of Commerce without being a member? We noticed that people in our community are eager to help fund our projects, but didn’t own or operate businesses in our area. Our solution was to create a space for anyone who desires to donate to the Chamber! Help fund our website advertising needs, office equipment, or community events! Visit www.kelleysislandchamber.com/donate and scroll down to our “Friends of the Chamber” option. We greatly appreciate your support!

Finally, our summer office hours have changed. The Chamber will be open 7 days a week from 10am to 3pm at the Seaway Marina until after Labor Day Weekend.

Kelleys Life
Congratulations!

Jacob Allen recently graduated from CVCC (Cuyahoga Valley Career Center) in Brecksville, Ohio completing the Firefighters program. He also attended Independence High School while going through the Firefighters program at CVCC and graduated this May. He will be working at the Macedon Fire Department this summer as he did last year. He plans on continuing his education in the EMT program this fall and going on to paramedics training. His grandparents, Connie and Fred Ausflug (Kelleys Island residents) are very proud of his accomplishments, ambition and dedication in pursuing his career.

Serving Our Seniors Studying K.I. Need for Transportation to Health Care Appointments

In the fall of 2017, a resident of Kelleys Island asked if Serving Our Seniors could do anything to help the seniors on Kelleys Island, with making it more affordable for those with serious/life threatening conditions to get to their health care appointments for treatment.

Before Serving Our Seniors address a problem, we first need to understand the magnitude of the problem and the associated costs. To do this, a survey was mailed out to 94 senior citizen addresses, who are residents on Kelleys Island. Only 15 were completed and returned. Serving Our Seniors would like to make sure that we reached as many senior citizen residents, who own property and actually live on Kelleys Island for 6 or more months per year. If you fit this description and did not receive this survey, please call 419-624-1856 or e-mail mail@servingourseniors.org and request one.

Here is what we have learned as of today...

Three (3) surveys, representing three people, that report they do not leave the island for routine health care. One of those subjects lives on the island 12 months per year, one lives on Kelleys Island and the other lives on the island 6 months per year.

Seven (7) of the surveys, representing 10 senior citizens, report that they do leave the island for routine health services. None of the services are for serious or life threatening conditions. Six (6) live on the island 12 months per year and one lives on Kelleys Island for 6 months.

Five (5) of the 15 (33%) surveys, which represent 7 senior citizens, report that they do leave Kelleys Island to access health services to treat serious or life-threatening conditions, which do not require emergency attention.

Five (5) surveys reported they were not aware that Serving Our Seniors currently provides transportation for Kelleys Island senior citizens to health care appointments. 10 of the surveys stated that Kelleys Island senior citizens is able to pick up Kelleys Island senior citizens at Kelleys Island Ferry Service in Marblehead or at the Port Clinton airport and transport them to a health care appointment and back.

Two surveys reported using Serving Our Seniors Out of Town Transportation Service to health care appointments. (Our services are limited to helping those who are able to function without the assistance of a caregiver/personal attendant; and destinations are limited to the State of Ohio.)

In the winter months, when the Ferry is not operating, 6 of the 7 surveys, who do not have life threatening illnesses use the airport to get to health care appointments in the colder months. All 5 surveys that report one individual is living with a life threatening illness do fly off of the island to access health care services in the colder months.

The frequency of the trips is as follows:

3 times per week and lives on Kelleys Island 12 months per year
1 time per week and lives on Kelleys Island 12 months per year
3 times per week and lives on Kelleys Island 12 months per year
1 time per week and lives on Kelleys Island 12 months per year
1 time per week and lives on Kelleys Island 12 months per year
We are continuing to study the extent of the need for affordable transportation off of the Kelleys Island for the purposes of getting health care treatment for serious/life threatening conditions. If you are age 60+, a resident of Kelleys Island and did not receive the survey entitled, Kelleys Island Resident Survey on Transportation Needs please contact our office at 419-624-1856 or mail@servingourseniors.org and request the survey.

**Kelleys Island Audubon Happenings**

Judy DuShane

A half dozen white pelicans has been sighted flying by the island. They are large white birds with a wing span of about seven feet with black tips on the wings. Baltimore orioles have also been plentiful lately, with their bright orange breasts. Spring migration is in full swing.

Kelleys Island Audubon Club will have its next meeting on June 21st, at the school. The potluck starts at 6:00 with the program (to be announced) at 7:00. All are welcome. The popular “Nature Camp for Kids” will return on August 8th.

Visit us at our booth at Island Fest or see the website: www.kelleysislandnature.com for more information. You can also contact President Pat Hayes at 419-746-2258.
Cleveland — The Coast Guard Ninth District will be supporting Wear Your Life Jacket to Work Day on Friday. The annual event, hosted by the National Safe Boating Council (NSBC) serves as a fun, educational element just prior to National Safe Boating Week, May 19-25, the official launch of the 2018 Safe Boating Campaign. Educating the boating public about the safety and comfort of life jackets has been a main focus of the campaign.

U.S. Coast Guard statistics show that drowning was the reported cause of death in four out of every five recreational boating fatalities nationwide in 2016. In the Great Lakes, where lifejacket use was known, approximately 97 percent of those who drowned were not wearing life jackets versus the national average of 83%.

“Visiting the Great Lakes is a once in a lifetime experience; don’t let it be your last,” said Mike Baron, recreational boating safety specialist for the Ninth Coast Guard District. “Always wear your life jacket.”

The National Safe Boating Council is asking all participants to take a picture of themselves in their life jacket and while at work submit it directly to the NSBC outreach@safeboatingcouncil.org. Participants are also encouraged to tweet their picture using #RSWI2018.

Coast Guard members join boating professionals and outdoor enthusiasts to heighten awareness of different life jacket styles that are available, and demonstrate their comfort and versatility by wearing them to work.

Coast Guard Urges Boaters to Plan Ahead, File a Float Plan to Increase Chances of Being Found

CLEVELAND — The Coast Guard reminds boaters to plan ahead before venturing out on the water by filing a float plan with someone on land and by downloading the Coast Guard Boating Safety social media app.

No one plans to get lost out on the water. No one plans to have their boat break down far away from land. No one plans to have an accident on the water. And unfortunately, not many people plan ahead to make it easier to be found by the Coast Guard.

“The Coast Guard and other response agencies do not search for 100% of the people who are not reported missing, in distress or overdue,” said Mike Baron, recreational boating safety specialist for the U.S. Coast Guard Ninth district. “Always file a float plan.”

A float plan includes all the pertinent information the Coast Guard will need in a search, including the names of the owner and operator of the vessel, description of the operator and passengers, and information about the vessel. It will also include information about your trip including departure date, departure location, destination, your planned route and your return time.

Boaters are not the only ones advised to prepare a float plan. Kayakers, fishermen, canoeists, jet skiers and private charter boat services are also urged to prepare a plan and leave it with a family member or friend on land.

Plans are easy to create. Information on float plans and how to obtain a blank form can be found at: floatplancentral.org

Float plans can also be downloaded from the free Coast Guard Boating Safety App which provides a variety of important information and services including safety information within your state, a safety equipment checklist, weather reports from the nearest NOAA weather buoy, navigation rules and requesting a free vessel safety check.

“Embrace solitude not isolation,” said Baron. “Share your day out with someone on shore.”

The Coast Guard mobile App is not intended to replace a radio, nor should boaters rely on their cell phones to call for help. Cell phones will lose a signal out on the water and away from a cell tower. Boaters should first contact the Coast Guard using their marine radios on VHF Channel 16.

A Quick Look at Books

By Anne E. Bauswein

Anything Is Possible by Elizabeth Strout is a novel that continues even after Kate’s death. Family dynamics and the certainty of friendship are foremost themes. Both books are good reads, but don’t hold criticism from family and friends will be aware of the increase in golf cart and bicycle traffic. Traffic laws are the same for these vehicles as for cars. Please be patient as you readjust to the increase in traffic. Bikes are to stay to the right side of the roadway, single file, and cars are to give them a 3’ allowance when passing. Walkers are to walk facing traffic, off on the shoulder of the road if sidewalks are not present.

The Justin Horseshoe Tournament

Now in its 10th year, the Justin Horseshoe Tournament is always a great day and has quickly become a “go-to” event people both on and off the island. The event started in 2009 when the family of Justin Antio wanted to honor his memory and to do so in a way that Justin would have loved; he enjoyed the sport very much. There was nothing better for Justin than being in the sunshine and playing with his two children, Isis & Mercury. Now, the event has taken on a whole new meaning for lots of people. Friendships have developed and, although the day is far from a memorial, hearts are healed and memories are shared. One such memory is that of AJ Fresch, who’s family has a long history on Kelleys Island. AJ, his sister Danielle, and their friends and family have been a part of the tournament for several years. In the year before his untimely and all too early passing, AJ proudly took home the first place trophy. We all have those that we love and miss. AJ and Justin are just two of the many angels we have watching over us on this day in the sun that is a celebration of life.

The cost of the tournament is low and is much more about creating a fun day than it is about raising funds. However, any funds raised over and above the costs of the tournament go to Justin’s children who are making very good use of it. Mercury is now studying Logistical Engineering at U of M and is just a fine young man! Isis, still in high school, is always receiving honors, is very accomplished in music and was the first freshman in her school to be the drum major. She’s a very focused and successful young lady!

This year, the tournament will be Friday August 2nd at The Kelleys Island Wine Co. The festivities will begin with sign in/registration at 2:00 pm and the tossing begins at 3:00. Just $25 per person and includes a T-shirt, golf towel, 2 beer tickets and, of course, play time. There will be cash prizes and trophies for 1st, 2nd and 3rd place. There are always raffle prizes and a silent auction just to keep things interesting and fun.

If you’d like to join in the fun, please visit the website: www.thejustintournament.com

While it is not required, it is best to pre-register and reserve the shirt sizes you’d like so they are ready and waiting for you. If you have any questions, contact Margaret at (734) 635-0561 or margaret@thejustintournament.com

Ohio's Own Rascal Flatts to Headline 2nd Annual Festival

Put-In-Bay, Ohio (April 17, 2018) – If "Life is a Highway," that highway is leading to Put-In-Bay and Ohio’s Lake Erie Shores & Islands this summer thanks to a Grammy-award-winning country music mega-group! On Thursday, August 30, COPPS Productions, in conjunction with the Put-in-Bay Port Authority will host its’ second annual Bash on the Bay Country Music Festival featuring Ohio’s own Rascal Flatts! The performance is a part of Rascal Flatts’ "Back to US" tour, presented by Ford F-Series.

The festival will take place at the Put-in-Bay Airport. Gates will open at 3:00 p.m. Several bands will play before Rascal Flatts takes the stage, including Chris Lane, the Gory Farley Band, and more.

"Last year we proved that Put-in-Bay and the Shores & Islands region can put on an amazing show," stated Tim Niese, festival organizer and local businessperson. "Being able to secure a multi-award-winning group like Rascal Flatts will help make this year’s festival bigger and better than ever.”

Tickets for the festival are scheduled to go on sale this Friday, April 20, through Etix.com. A special Rascal Flatts VIP experience ticket will be available! Miller Ferry and Jet Express will provide late night boat service to and from Put-in-Bay. Limited parking will be available and there will be ample parking for golf carts at the airport. After the event taxis and the downtown bus will be staged at the north end of the runway to transport concert attendees downtown. Numerous food trucks will be on site with all sorts of menu choices.

Overnight packages which include concert tickets will be offered by Islander Inn and Grand Islander Hotel. Additional concert information can be found at BashontheBay.com. Information on Put-in-Bay and other area attractions and lodging is available at SHORESandISLANDS.com.

If any act embodies the place to which country music has evolved in the new century, it is Rascal Flatts. Since their inception a decade ago in 1999, the trio has helped change the face of popular music. Their trademark sound—Gary LeVox’s powerful, emotive lead vocals coupled with the soaring harmonies of Jay DeMarcus and Joe Don Rooney, set amid world-class arrangements and production, have made the band the standard bearers for cutting-edge country. Drawing on Nashville’s best tunesmiths and their own enviable songwriting skills, they have released, in songs like “These Days,” “Bless The Broken Road,” “What Hurts The Most” and “Take Me There,” some of the most important and successful music to come out of Nashville in recent years. Along the way, they have placed 11 #1 singles and 20 Top Tens, seen every one of their studio albums go multi-platinum, have become the most awarded vocal group in country music history with total sales at 20 million. In 2009, Flatts broke Alabama’s streak of ACM Vocal Group of The Year wins when they took home the trophy for the 7th consecutive time.

Lake Erie Shores & Islands’ New Welcome Center to Open in Downtown Sandusky

Just in time for Ohio Bike Week and Memorial Day weekend, Lake Erie Shores & Islands will open a Welcome Center in downtown Sandusky. Located at 216 East Water Street (across from Boom Town Coffee), the new Welcome Center will open on Friday, May 25, and will be home to Lake Erie Shores & Islands’ Erie County operations while their future home is under construction.

The Welcome Center at 216 East Water Street will be open: Friday, May 25, 10 – 7 pm; Saturday and Sunday, May 26-27, 9 – 7 pm; and Monday, May 28, 9 – 2 pm.

The Welcome Center will not be open May 29-30. Beginning on Thursday, May 31, the Welcome Center will begin daily operations with its summer hours: Mon-Fri 8 am – 6 pm; Sat 9 am – 3 pm, and Sun 9 am – 2 pm. Visitor information is also available by phone at 419.625.2984 or available 24 hours a day online at: SHORESandISLANDS.com.
Keith and Deb Haig ventured west this winter to visit their daughter Kelsey in Sacramento, CA. They spent three weeks in the golden state. They enjoyed visiting South Lake Tahoe and going to the Capay Valley Almond Festival (Keith’s favorite was the antique car show). Before heading back to the island, they traveled north to Seattle to visit Keith’s sister, Pam and family. Great time had by all!
Gather this story was from the early 1900’s. “The stork engaged in an exciting race against time, over a course extending from Kelleys Island, through Lake Erie to Good Samaritan Hospital. Mr. and Mrs. John Ranft, Kelleys Island residents, set out from Kelleys in a row boat, Sunday at 9 a.m. After battling running ice, chilling blasts and high currents for more than an hour, they landed their craft at Lakeside. From Lakeside, they took a trolley car to Port Clinton and from Port Clinton to Sandusky in a New York Central train, arriving at 11:15. A trolley car completed the trip to the hospital where at 11:15, Mrs. Ranft presented her husband with a baby boy.”

We spent a fun-filled week on Islamorada in the Florida Keys at the end of February into March which included, snorkeling and fishing [KI Anglers] as well as much deserved relaxation around the pool. We did get to check on the news from Kelleys Island.

Zion Matters

Pastor Virginia M Park

Spring has finally arrived on Kelleys Island after a long and difficult winter. The snow and ice that stopped running around December 21st, the Winter Solstice, finally started down the road to Spring. Zion Church flew over from Port Clinton with Griffin Air Line. On some Sundays there was no plane service because of low visibility but the capable Zion congregation worked together even when no pastor was able to join them to lead the service.

It seemed to me as if we had a great deal of windy weather in this past winter. One day there was very deep ice that eventually broke up under the force of a fierce west wind that crashed huge chunks of ice into (and up onto) the island’s shoreline. During the cold-wet months many of us have jumped into warmer water temperatures in the lake to make for a pleasant swimming experience. Zion Church is eager to get started with its seasonal activities for 2018. This year is a special one because the main part of the church building was constructed in 1893 and thus it is 125 years old this year. So of course the church will be holding a celebration of that anniversary.

Zion Church is eager to get started with its seasonal activities for 2018. This year is a special one because the main part of the church building was constructed in 1893 and thus it is 125 years old this year. So of course the church will be holding a celebration of that anniversary.

There have been additions to that first building, of course, but not a lot has changed in the sanctuary part of the structure. But the late this summer season goes along. The date for this annual observance will be June 18 and August 13. Everyone is invited and we hope that many folks will attend to welcome these visitors. We always learn a lot from them about their culture and home countries. Our church provides fish, dish, beverage and tab service for these meals. We also furnish well equipped bicycles for international student workers who need them. Paul Finnegan can assist with that if you know of a student needing transportation.

By the way, Zion church member Amanda Ellers told me that she will be presenting a benefit concert with several talented musicians and vocalists on Saturday, July 7 at the Old Town Hall. Amanda is a composer and a great pianist. Zion members enjoy Amanda and several other pianists when they provide musical accompaniment for our worship services.

Please note that Zion’s worship services on Sunday, June 3, will start at 10:30 a.m. That is one hour earlier than our usual time. Join us for a meaningful church service on that Sunday and on any other Sunday.

Pastor: Virginia M. Park

Serving Our Seniors and the Erie County Health Department Offers Free Fall Prevention Home Improvements

Serving Our Seniors is working with the Erie County Health Department of make available to Erie County senior citizens, ages 60+, to Ritter Public Library. Dates are June 18 and August 13. Catawba Island, OH  May 21, 2018 - Catawba Museum at Union Chapel will open Saturday June 16. The Catawba Museum at Union Chapel will open to the public on Saturday June 16, 2018.

The Chapel, a former non-denominational church established in 1868, has been an idle Catawba Island Township building since the early 1980’s. The township spent the last 18 months renovating the structure so that it could be leased and operated by the Catawba Island Historical Society (CIHS) as a museum to preserve, protect and share the area’s heritage. It will operate daily through Thursday, June 21. Thereafter, a Monday, Wednesday and Thursday schedule will be followed. It will be open on Saturday June 30 and the 2nd and 4th Saturday of each month thereafter until October 27, the last day of its 2018 season. Daily hours will be 10:00 a.m. to 4:00 p.m.

The Museum’s opening exhibit has been dubbed, “A Cool Way to spend a Hot Day”. It is dedicated to the ice harvesting industry that thrived on the Lake Erie shoreline and along Sandusky Bay at the turn of the 19th century. Before there were electric refrigerators, local families sometimes shared smaller ones for personal use. “We often forget things like serving an ice cold beverage 150 years ago were remarkable tributes to ingenuity and hard work”, said Connie Batterton, Museum Curator. “Thanks to photographs and explanatory material on loan to us from the Hayes Presidential Museum in Fremont, and a collection of Medieval–looking paraphernalia with names like tongs, pikes, spuds and splitters, we can put that accomplishment into proper perspective. The Historical Society’s Catawba Museum at Union Chapel will definitely be an educational and entertaining place to ‘chill out’ this summer!”

Catawba Island Historical Society was born in a log house nestled behind the Ottawa City General Store at the junction of NW Catawba Road and E. Porter Street. The owner of the General Store and log house, local historian Don Rhodes, had invited several friends one fall evening to advise them he was closing the store and would open it as a museum to preserve the area’s heritage. The Historical Society was incorporated in the early 1980’s. The township spent the early 1980’s. The township spent the

Catawba Island had two commercial ice houses, one near the site of the present Miller’s Ferry Dock, and one where the Catawba Island Club in now located. In addition, each of the fish companies had its own ice refrigeration facilities and local families sometimes shared smaller ones for personal use. “We often forget things like serving an ice cold beverage 150 years ago were remarkable tributes to ingenuity and hard work”, said Connie Batterton, Museum Curator. “Thanks to photographs and explanatory material on loan to us from the Hayes Presidential Museum in Fremont, and a collection of Medieval–looking paraphernalia with names like tongs, pikes, spuds and splitters, we can put that accomplishment into proper perspective. Summer Programs at the Kelleys Island Field Station

School’s out, flowers are blooming, the ferry is running a normal schedule and kids are looking forward to summer adventures. Now that summer is here, the Kelleys Island Field Station will again be offering summer programs for kids ages 7-12.

Session 1: Expedition Photography
Ever dream of working for National Geographic? This nature photography program will teach the basics. Each student will need a digital camera, preferably an SLR camera. If you don’t have one, let us know and we’ll see if we can find an extra.

Monday, June 25th through Thursday, June 28th, 1-4pm

Session 2: Aquatic Adventures
Dive into aquatic biology and explore the living systems underneath the surface of Lake Erie.

Monday, July 9th through Thursday, July 12th, 1-4pm

Session 3: Art and Ecology
Do you love exploring nature, making discoveries and creating art? Immerse yourself in artistic and scientific inquiry while exploring different types of media. Draw, paint, sculpt and sketch.

Monday, July 23rd through Thursday, July 26th, 1-4pm

Session 4: Gone Looking:
Fossil Hunting & Identification Did you know there are fossils on Kelleys Island of animals that lived millions of years ago? You will identify, prep, collect, mold, and cast fossils for examination in the lab.

Monday, July 30th through Thursday, August 2nd, 1-4pm

Check out kelleysislandfieldstation.org for more information. Programs are $45/child but free to Kelleys Island tax payers. We are looking forward to a great summer.
Walk It Out | To the Follet House
June 4 @ 6:30 pm - 7:30 pm
Jackson Street Pier, 233 E Shoreline Dr, Sandusky
We will learn about the history of the Follet House. To get our walk in, we will meet at Jackson street pier and then walk to the Follet House. Water and snacks will be provided.

Get Fit Club | Aerobics
June 5 @ 6:00 pm - 7:00 pm
An event every week that begins at 6:00pm on Tuesday, repeating until June 26, 2018
Osborn MetroPark
3910 Perkins Ave
Huron, OH United States
Join instructor Pat Callan for a fun aerobics class! Please bring a yoga mat.

Metropark Hikers
June 6 @ 10:30 am - 11:30 am
Edison Woods | Mason Rd, 8728 Mason Rd.
Berlin Heights, OH United States
Enjoy a refreshing morning walk! Just About Horses and Donkeys
June 6 @ 6:00 pm - 7:00 pm
The Barnyard at Osborn Park, 3819 Perkins Ave
Huron, OH 44839 United States
Increase your horse/donkey knowledge and get hands on experience with them. Learn about health, safety, grooming and more. Participants will get to interact with and brush a horse. Ages 8+ (adults too)! Preregistration required 24 hours before the beginning of the program.

Wild Things | What’s That Tree
June 7 @ 4:00 pm - 5:00 pm
Edison Woods MetroPark
Smoky Rd, 8111 Smoky Road.
Berlin Heights, OH
Do you want to learn how to identify different trees? We will make an I.D. book, go on a nature walk, and learn about different trees that grow in this area!

Drone Pilots Forum
June 7 @ 6:00 pm - 7:00 pm
Osborn MetroPark
3910 Perkins Ave, Huron, OH
Join us for a brief overview of drone laws and safety and a Pilots’ Showcase! If you have never operated a drone before, we will also have a hands-on simulator. Drone Pilots are encouraged to come with examples of drone footage on a USB flash drive.

Enchanted Story Time
June 8 @ 10:30 am - 11:30 am
The Enchanted Cottage, 4011 Cleveland Rd, Huron
Join Miss. Melissa! We will read a story as time! We will read stories, make a craft and go for a walk. All ages with accompanying adult.

Teacher Workshop: Leopold Education Project
June 9 @ 9:00 am - 10:00 am
Osborn MetroPark
3910 Perkins Ave, Huron, OH
Based on the essays in Aldo Leopold’s A Sand County Almanac, the Leopold Education Project curriculum facilitates interdisciplinary exploration of both the arts and sciences. The curriculum is designed to help students understand human connections to the natural world through hands-on, inquiry-based, outdoor experiences, building skills in observation, plant and animal identification, land stewardship, natural history, writing and reflection, and environmental values. CEU’s will be available. Breakfast and lunch will be provided as well as all course materials. No cost!

Train Rides!
June 9 @ 1:00 pm - 3:00 pm
Eagle Point, 3819 Cleveland Rd Sandusky, OH
Join instructor Pat Callan for a fun aerobics class! Please bring a yoga mat.

Archery Basics
June 10 @ 10:00 am - 11:30 am
Osborn MetroPark
3910 Perkins Ave, Huron, OH
Archery instructor Cheryl will teach you how to shoot a bow and arrow. This program is for beginners or those that need a refresher.

Archery Club
June 10 @ 1:30 pm - 3:00 pm
Osborn MetroPark
3910 Perkins Ave, Huron, OH
This program is for those who have finished our archery basics program. Eden is for beginners or those that need a refresher.

Metropark Hikers
June 13 @ 10:30 am - 11:30 am
Eagle Point, 3819 Cleveland Rd Sandusky, OH
Let’s go on a morning walk and enjoy the views of East Sandusky Bay!

Art In The Park-Dish Soap Dispensers
June 14 @ 6:00 pm - 8:00 pm
Osborn MetroPark
3910 Perkins Ave, Huron, OH
Recycle old wine bottles and turn them into a dish soap dispenser!

Adventure Tots!
June 15 @ 10:30 am - 11:00 am
Eagle Point, 3819 Cleveland Rd Sandusky, OH
Let’s go on an adventure with Miss. Melissa! We will read a story as we make our way along a nature trail. We will stop and discover any animal or plants we see along the way!

Archery Basics
June 18 @ 6:30 pm - 7:30 pm
Huron Boat Basin, Picnic Tables
Join a Huron Police Officer for a walk and talk! Water and snacks will be provided. Walk out to the lighthouse and back.
