

Meeting opened @ 12:00 with pledge of allegiance and moment of silence for many of our members.

Please keep Dan and Darlene in your thoughts and prayers; at this time we only know that Anthony is in ICU.

Secretary's minutes and Treasures report were given. Dawn provided us with a list of expenses and income regarding Riverfest, George thanked everyone for attending and volunteering. This event was a success only because of everybody that takes the time to attend and give whatever of yourself you can. The weather worked in our favor this year. Thank you Region 14, Blue Angels and Region 13 members for your support!! Herb and Jinx gave information on insurance and catastrophic fund. If you need more information on this see one of them. This discussion is too lengthy and ongoing for me to report. Also please sign the profiling bill.
