

Cancellation Policy

Our time together is valuable. In order to honor the commitment that each of us has made, a 24-hour notice of cancellation will be required in order to avoid being charged for the missed session.

I understand that there are times when you are unable to give a 24-hour notice. If this occurs, please contact Thrive Pilates Studio as soon as possible.

Excessive cancellation regardless of notice or time will be discussed and may result in loss of time slot.

We cannot be successful if attendance is not consistent.

Please be considerate of our time and we will make the most of our time together.
