

Denver Athletic Club – Denver, CO

Build and install 4 three-TV Scoring Monitors

8 lane center in athletic club downtown

Day 1 – Monday, July 11, 2016 – We built and installed 12 TV monitors on 4 mounting brackets (4 triple monitors). All went great.

They bought used Bowland Scoring system which they will install, so all that we did is build and hang twelve 42" monitors. 24 man-hours. They will wrap chains after they run all scoring wire.
