

Lake of the Woods COTTAGE GUIDE

Hand to Hand *Pardon me?!*

How we are responding and maintaining our connection with cottagers and home owners in 2021

There is no doubt that 2020 will go down in the books. That we can count on. We can also count on *The Cottage Guide* being FREE and in hands and homes across the region. Here is why our VALUES WORK.

It all started with community. At *The Cottage Guide* we believe that supporting local matters most of all and our focus remains on building local, strong. Our hand to hand approach, although altered in this pandemic, remains the same. It's only getting better.

BRAND NEW: This season we will be introducing outdoor distribution boxes at the gateways to Kenora, in Minaki and Sioux Narrows. If you can't come to us, this brings us to you.

- Weekly displays at the exits of The Mattiowski Farmer's Market
- Chamber of Commerce Main Street Festival Booth
- Mailed out upon request

Building Community Partnerships:

Over the last 5 years, we have been building local partnerships to increase our hand to hand, or dock to dock, distribution in the region. Past partnerships have included: The Zig Zag Yacht Club - dock delivery to their membership, and the Lake of the Woods District Stewardship Association - handed out with their seedling and Lake Smart programs.

YEAR ROUND: Safeway, Discovery Centre, Smoke and Fire, Cabin Country Realty, Keewatin Place, Clearwater Market, Redden's, Super 8, Minaki Marina, Northern Ontario Sport Fishing Centre, Sunset Strip Husky, Norman Husky, BA Robinson, Ecol Electric, Westburne Electric, Image One Home and Cottage, Lake of the Woods Museum, Beauty Bay Golf Course, Anicinabe Park Office, and Tall Pines Marina + more added during every season.
