Wi

Willow

Wi Willow loves to go on “Treeventures wherever he is needed. From helping friends to assisting strangers, Wi gets the job done. Here are some words to describe Wi:

- Treemendous
- Treerific
- Treemazing
- Treespectable

What is a Treeventure?

Glad you asked

It is the ability to use your imagination in ways that stimulate fun, learning, adventure and being helpful.

The word "Treeventure" is rendered in a large, bold, black 3D sans-serif font. Below the text is a faint, semi-transparent reflection of the same word, creating a sense of depth and shadow.

It is time for you to meet the tree with the
biggest heart – Wi Willow

Hello everyone, I am Wi Willow

I am a tree.

I am not some ordinary tree.

I am a special tree.

I am going to show you all the neat things
that I can do as a tree.

There is nothing better than a nice sunny day for me.

When it is a sunny day, the birds fly and normally there is not a cloud in the sky.

A sunny day can bring peace and calm and a lot of beauty.

I love a nice sunny day.

Yes, there is nothing like a sunny day.
However, that can change very quickly.

Clouds can move in and block the sun and end the sunny day.

That is not a problem because some clouds move in to give shade and cool things off. I like those type of clouds.

However sometime the clouds that move in are not nice clouds.

They are not just any clouds but are storm clouds.

Storm clouds can give us weather that can be very dangerous.

Storm clouds scare me because they can get angry.

I mean very angry!!!

Sometimes they can bring lots of rain.

Sometimes they can bring a lot of wind
that can blow me over.

Sometimes they can make loud scary noises.

***WHEN THEY ARE REALLY
ANGRY, THEY CAN BRING
LIGHTENING WHICH IS
VERY SCARY.***

A good thing about storm clouds is that they don't stay round long.

And when they leave, we are back to a sunny day.

Thank you, boys and girls, for going on this Treeventure with me. Stay tuned for more treeventures Wi Willow.

Author's Notes

Imagination is such a beautiful gift we can allow a child to have with no limits. The process of curiosity is a natural stage of development for children. They are natural-born scientist and investigators. It is our responsibility to foster and nourish those innate skills in our kids. So, go grab those pots and pans or a box and start using those beautiful, colorful, and creative imaginations!
