Happy Valentine's Day!

Welcome!
By Destiny Mulcher

Happy Valentine's Day, West Branch! It's the time of year when little, heart-shaped chocolates are shoved in your face but, in CBI, we do not have time for simple goods. At the start of the New Year, we kicked off by creating Career Slideshows which summarize the career we're interested in. Adding onto our hard work, we've been doubling down on safety. It's important to be safe in these conditions when tears of broken-hearted people are flooding the schools.

Five Reasons why summer is my favorite Season

By Annabelle McGuire

Five reasons why summer is my favorite season. My first reason is that we are out of school, we do not have to worry about getting assignments turned in on time and I do not have to wake up super early in the morning. We get the chance to get to sleep in. My second reason is that my family and many more families go on vacation. We go somewhere new every year. We have gone to so many different places. All over the United States and Canada. I really enjoy this time because I get to spend time with my family without the tasks of life like when it is an average day. My next reason is that I get to be outside almost every day. Enjoying the sun and nature. My fourth reason is that I get to see my family much more often since I don't have to worry about school and I am not out of the house for 8 hours a week and I can spend the 8 hours that I would be at school with my family. My last and final reason would be I love the weather, I hate the cold and I love getting tan and going to the beach. I love when it is sunny and not gloomy. These are the reasons why I think that summer is the best season of the year.

The best vacation spots to visit

By Kady Phillips

One of the best places to go to is Paris. It has the best attractions in the world. They have the Eiffel Tower, Louvre Museum, and more. Hawaii is a great place to visit. The island has stunning beaches and a volcano. Another great place to visit is the Grand Canyon. You can go hiking, horseback or burro riding, rafting, swimming, or simply go for a leisurely walk if strenuous activities aren't on your agenda.

The Village of Beloit

By Katy Edwards

Beloit was originated in the 1840s by the building of the railroad through Beloit's territory in Columbiana County! We got the name Beloit from (Beloit, Wisconsin.) The village of Beloit is neighbors with Sebring, Alliance, and Salem. In the area there are different activities you could do, there are several golf courses, and country clubs. The village has the district West Branch local schools in the small town. Beloit is a total of 627 acres and isn't that big.

Different Types of pizza and what they are

By Jackson Shinn

Neapolitan Pizza

This type of pizza uses mozzarella and has thin dough that rises around the crust, causing a very airy crust.

Chicago Pizza

This type of pizza is a thick pizza baked in a pan. The toppings in this order are meat and vegetables, and sauce

New York-Style Pizza

This type of pizza is similar to Neapolitan-style dough in that it is thin and it is made from a large hand-tossed piece of dough.

Sicilian Pizza

This type of pizza is made with a thick crust in a rectangular shape. The crust is thick and spongy.

Detroit Style Pizza

This type of pizza is similar to the Sicilian Pizza where it is thick and rectangular in shape but everything is covered with a layer of Wisconsin brick cheese so the edges have a burnt cheese on the crust.

Scrambled Eggs are better than Dippy Eggs

By Carter Thrasher

In my story, I'm going to talk about how scrambled eggs are better than dippy eggs. I believe that scrambled eggs are better. My first reason is that I think it's disgusting when you pop the egg and how runny it is. My second reason is that scrambled eggs have healthier fats than dippy eggs. My third and final reason is that scrambled eggs have more calories than dippy eggs. These are all my reasons why I think scrambled eggs are better than dippy eggs.
