### About this Tune Book:

Each Holiday Tune is played in the key of C Major. For a deeper understanding of the chords and scales that build these songs, you can use this tune book with the C Major page(s) of a Fretboard Toolbox Essential Edition (pages 11-14) or Complete Edition (page 19).

To access the free backing tracks for this Holiday Tunes book, go to <http://www.fretboard-toolbox.com/holiday-tunes-volume-1.html>

Purchasing this E-Book will allow you to immediately download the E-Book and the TableEdit (.tef) files for each song.

### About TableEdit (.tef) files:

To play the .tef files, you'll need the free TEFview File Viewer (download at <http://www.tabledit.com/tefview>). This lets you open the ".tef" files, shows the TAB, and plays MIDI files for each song.

### How to use this Tune Book:

There are two versions of each song. The "Melody Notes" version lets you play straight through the melody, and the "Melody with Chords" version shows you a way to play chords along with the melody notes. These versions will take some time to get down, but they'll go a long way in teaching you ways to move around notes and chords in the key of C Major that you can apply to all kinds of songs in tons of musical styles.
