

## Annual Parish Meeting Report 2017

### **Pastoral Care Committee:**

Nancy Rojewski

Pastoral Care Committee met in May to review our mission and to discuss potential areas of service. The Pray and Pastoral Care Request Form was revised and placed in the worship folders. Discussion is on going in regards to engaging the parish more fully in ministering to one another.

The committee presently consists of six areas, each having a person responsible for a part of the ministry.

The goal of the Pastoral Care Committee is to assist the Rector in serving and caring for our parish members. This is accomplished through prayer, by sending cards and making phone calls and physically providing food and transportation when the need arises.
