

WHAT EVERY RESIDENT NEEDS TO KNOW:

WHAT IS **ALERTCentre**?

ALERTCentre is Centre County's new emergency mass notification system. This system allows us to send emergency messages quickly to reach a large number of people (*target audience*) during a widespread emergency. Thousands of messages are sent to members simultaneously!

WHAT IS IT USED FOR?

Wide spread emergencies only. Examples of emergencies: *active shooter, flood evacuations, shelter in place, missing persons, wanted fugitives, emergency shelters, bank robbery, criminal activity, road closures and severe weather events.*

HOW DOES IT WORK?

You have to enroll to receive emergency notifications.

Once enrolled, notifications are issued based on the location of the incident (*where the incident is taking place*). Those who live within the pointed area of the incident (*radius chosen by the activating authority*) will receive the emergency message. If you live outside the radius, you will NOT receive the message.

HOW DO I ENROLL IN **ALERTCentre**?

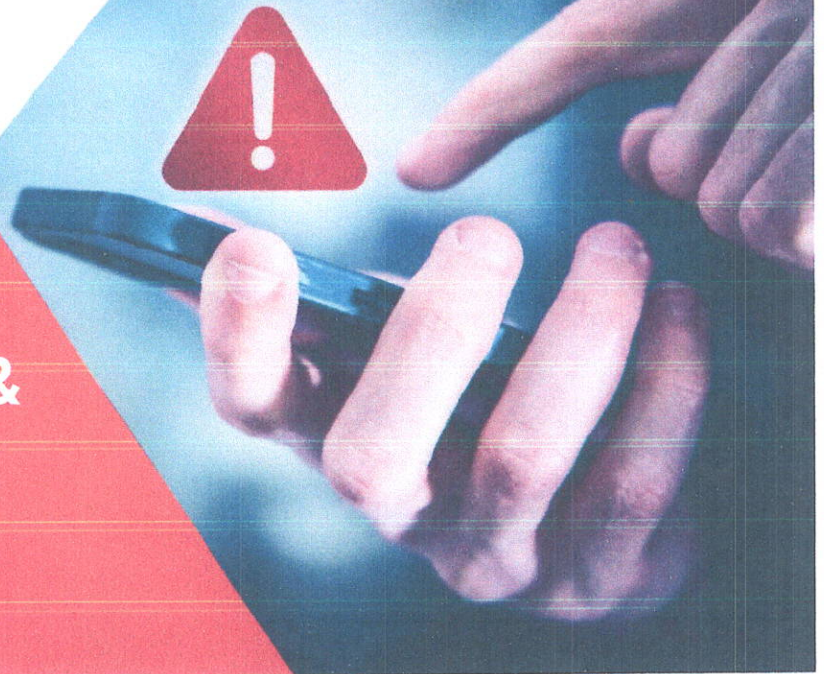

You can register by clicking on the link below or scan the QR code to access our enrollment page. Enrollment is free and totally voluntary. <https://www.smart911.com/smart911/ref/reg.action?pa=centrecountypa>

Create a profile and choose the method to receive the alert (*call, text, email or all 3*). During enrollment, to take things a step further, you have the option to list other important details that will enable the dispatchers or issuing authority to query specific audiences who may have special circumstances during an emergency, such as bariatric patients, hearing/sight impaired individuals, physically challenged, non-verbal, autism and more!

You can add multiple address locations to your profile as well. List any location that is important to you and your safety. Example, your home address, work address, your child's school address, church address, parents home, etc. If an alert is issued for that specific location —you will receive an emergency message. After you enroll, download the app so you can receive alerts while traveling, whether you are on your way to work, through another state or across the country.

CENTRE COUNTY 9-1-1 & CENTRE COUNTY EMA ANNOUNCEMENT

What is **ALERTCentre**?

Centre County's new emergency notification system for announcing missing persons, evacuation orders, wanted fugitives, active shooters, shelter in place, emergency shelters and severe weather alerts. We encourage you to enroll so you can "ALWAYS BE NOTIFIED". Enrollment is voluntary and FREE.

What do I need to do?

Scan the barcode, or click on the link to go to the signup page to receive emergency alerts. If you do not enroll, you will not receive the alert.

Add as many locations/addresses that are important to you like your home, work, kid's school, parents, grandparents, church including the Grange Fair grounds! For more specific details or FAQs about ALERTCentre go to our website: <https://centrecountypa.gov/249/Emergency-Communications-9-1-1>
