

LMQ II Pressure Sealer

Infinity Solutions product line continues to lead the industry with the LMQ II Pressure Sealer. The LMQ II offers an out of the box solution without the costly add-ons of the competitive products. By leveraging Infinity Solutions' pressure seal technology, pressure seal forms are sealed as they are folded reducing operational costs and improving productivity. The LMQ II offers quick setup and quiet operation, and supplies user friendly controls which return the simplicity to document processing.

Standard features include: document processing up to 5,000 documents per hour, a manual and batch counter, bottom feed technology for continuous operation, an integrated 18" conveyor, and fold plates capable of processing 11" and 14" forms.

The Infinity Solutions LMQ II is completely manufactured in the United States, and its durability is unmatched in the industry.

Performance under pressure - often copied never duplicated.

LMQ II

- Quiet and low maintenance
- Variable speed jog forward and reverse
- Handles all popular fold styles: V, Z, C, and EZ-Pre-marked for easy set-up
- Folds and seals up to 5,000 documents per hour
- Completely seals across documents no "pressure zones"
- 1 year on all parts
- National on-site service options available
- Manufactured in the U.S.A.

LMQ II Pressure Sealer
