Dear Friends,

World Outreach Youth Organization (W.O.Y.O.) is a not-for-profit umbrella group which includes multiple programs, engaged in faith-based humanitarian work to improve the health, well-being, and chances for success, both spiritually and materially, of individuals who badly need this help.

Even though W.O.Y.O. fosters various programs, the one I am most familiar with, and invite your attention toward, is called "Carlita's Solace". Its focus is to provide housing and the essential help for homeless women, with and without children, young adults aging out of fostercare, and homeless military veterans. These are people who may also have problems with drugs and alcohol, which very likely is related to their homelessness.

Ms. Carla Patrick is our Business Manager here at Prospect House, and I know that she devotes her spare time and prodigious energy as the Management Team Leader for "Carlita's Solace". She has earned an M.B.A., and is knowledgeable and conscientious in our finance sector. She is an exemplary employee for us, and I know she carries the same enthusiasm and commitment into her "passion program".

Our mission at Prospect House is to continue to provide high quality long-term residential drug and/or alcohol treatment to men who lack the resources to this service otherwise, and we have gotten pretty good at it (see attached Outcomes Sheet). While the missions of Prospect House and "Carlita's Solace" are not identical, there is real overlap, especially as we are busy getting ready to start a Family Program to work with the families of our men in treatment.

I believe in Carla's commitment, and know that she has the knowledge, the skills, and the faith to lead a successful program. I would only ask that you grant her an opportunity to present her program ideas to you, so that you can join with me and many others in support of "Carlita's Solace"

Thank you for considering this appeal.

Sincerely,

David Logan, Exec. Director, Prospect House

Prospect House Treatment Outcomes: 1990-2015

Period One: 1990-2000

- Contacted residents from the ten year period
- Interviewed using standardized questions:
 - *What is your current state of sobriety?*
 - *Have you had contact with the criminal justice system since leaving treatment?*
 - *Do you attend a support group (e.g. AA meetings)?*
- Assessed qualitative aspects of their lives since leaving treatment

Participants	Deceased	# Sober	% Sober	# Not Sober	% Not Sober	Unknown
878	42	574	68%	128	15%	113

* 21 participants in sample were incarcerated: no data on their status available

Period Two: 2001-2015

- Studied residents on roster as of June in each of these years using validated "Case-Study" Techniques
- Individuals classified "Sober" based on personal assessment, peer evaluation, and successful functioning

	Sample	Sober	Not Sober	Unknown	Deceased	Rate (%)
