

FILL ME WITH LOVE

By John Lipinski

Caesar's world is filled with hate, always seems, what's in it for me
As evils begin to congregate, increasing the bigotry
Here comes another war, & God's people gonna die
Over & over, just like before, to horrify, then glorify

Lord, in heaven above, please fill me with love
For ev'ry sister & brother, it's what we dream of
Bring peace, to one another, on the wings of a dove
Oh Lord, up in heaven above, fill me with love

Solo

When black men resent the white one, and the rich hold down the poor
You covet yo' neighbor's wife & home, is it really worth fighting for
Arabs abhor their Jewish brother, Irish disdain the Englishman
A Russian deplores a Ukraine, how can this be God's plan

Lord, in heaven above, please fill me with love
Honor yo' father & mother, it's what we're made of
Bring hope to one another, it's in the Book of Love
Oh Lord, in heaven above, fill me with love

Lord, in heaven above, please fill me with love
For ev'ry sister & brother, it's what we dream of
Bring peace to one another, on the wings of a dove
Oh Lord, in heaven above, fill me with love
