\$100.00	\$1.20	\$1.50	\$1.60

* Includes use of Rosewood Pottery's Δ6 Studio Glazes.

Firing with Rosewood Pottery Studio is primarily measured by weight. However, we reserve the right to apply the following surcharges if applicable:

1. Minimum firing charge (.25 lb)
2. Flat Fee re: large flat and/or multiple flat pieces
3. Cubic foot surcharge re: pieces unusually shaped and/or sized.

A Note about Grinding:

Let's face it, we are firing to stoneware temperatures so glaze cast off and small glaze drips to the kiln shelf can happen. We are not concerned about those. We are concerned about large amounts of glaze sliding off your pot and onto the kiln shelf. When that happens, we will need to discuss applicable grinding and/or shelf fees.
