The meeting was called to order at 7:00 PM

The minutes of June 6, 2016 were approved.

The Treasurer was not at this meeting.

Harbor Commission – Keith Rich sent the new 2016 mooring application to Barbara Wolf. She will put it on our web-site.

Traffic Commission – Tony Fastaia said the citations would be processed with the Tax Office. If you have any traffic problems, you can contact him by email at a.fastaia@gmail.com.

Barbara Wolf said there would be a meeting of the shoreline beach associations on July 31st at 3 pm at the Saybrook Manor club house. Our August 1, 2016 meeting will have our scholarship presentation and a talk about waste treatment.

Someone asked if there is a schedule for re-surfacing the town roads. He was concerned about Chapman, Waldron and Old Kelsey Roads. How do they choose which ones to do?

Jo-Marie Kasniak from the Sacred Heart University Biology Department gave us a presentation about the horseshoe crabs in Long Island Sound. It is called Project Limilus. The females lay their eggs below the high tide line from mid May to the end of June. She asked that we not rake the sand below the high tide line from mid May to mid July so we don't disturb the eggs. There are several volunteer opportunities to help this project; counting the horseshoe crabs, tagging them and retrieving the tagged ones. Their website is www.projectlimilus.org.

The next Council of Beaches meeting will be Monday, August 1, 2016. The meeting will be held in the Multi-media Room at 7 pm.

The meeting was adjourned at 8:00 PM.

Respectfully submitted,

Lucy Nobile, Secretary
Westbrook Council of Beaches
