

Region 6
RC Merry Garrett

It's another day in the lives of the people reading this newsletter. Dedicated motorcyclists fighting for the rights for all that ride. We have so many emotions happening right now. We have seen sadness; we have seen pain and we have seen sickness. But the worse I personally have seen is anger so much anger. I could say the government has a lot to do with this but all that brings is more anger. I have tried to dig deep without myself and keep hoping that we can come together and fight like champions. I haven't figured it out yet how I can help but I will keep on trying.

We have the Freedom Rally. If possible, we would like as many members and other motorcyclists there as possible. Anyone that supports motorcyclists' rights in this state. It is June 3rd. Meet up with friends and join us. Go to Lansing, ride your bikes wear your abate gear. If we can get our reps to come out and talk to us that would be awesome. More info will be available on FB and from your RCs So go to our page Abate Region 6 or ABATE OF MICHIGAN to keep updated. Or call me, text me or message me. Let's get this done!!!! If by chance it gets cancelled, we will let u know thru FB or RCs

Next is our Memorial/Horseshoe event. Due to the Field Meet being changed to that weekend, our officers made the decision to cancel our event. We need to support the State Event in every way we can. Don't worry my friends we will be back next year. So, save your pennies and practice your skills at horseshoes. We might even have impromptu camping night just to hang out and share our isolation stories. So, keep a look out for updates.

So I just mentioned the Field Meet. We got the opportunity to have it with Region 3s. Event Flyer and info will be in this newsletter. So read page to page. If you have questions just shout, I'll answer them. So, July 17,18,19 at Rapid City. Hoping to be able to go early but that is to be determined Next newsletter will have more info on the Field Meet. Again, everything is in the hands of our governor so as it's been the last six weeks we go day by day.

Bike tickets!!! I just want to say thank you to all our members for your hard work in selling selling and selling. We have to get this bike paid for, so an idea came up that every region if they can would buy 30 tickets to use in any way they wish. They just have to be filled out. We will be giving them out for birthdays, with our 50/50, in our silent auctions, to every new member and the member that brings a new member. Till they are gone before the drawing in September. Mimi said that it was going so wonderful every region was working so hard and turning in tickets by the hundreds. Let's continue to work hard. We must get this bike paid for.

We did a video with our officers and those that kept their distance with mask if they wanted to wear them. Check it out on FB page. We need to somehow get together at least once a month to keep us all in the know. Somehow, we will do it. If only by social media..

Insurance SB528 what can we say? Write or email your Reps. Get an answer back in writing. Please turn it in to me so I can give it to Jim Rhoads our State LO. He is recording all of them into one album. We have been fighting this fight so very long but know this ABATE will continue to fight and never give up

So till next time

Stay well

Stay safe

Ride with the wind in your face and the sun shining on you

Peace

Merry
