SALES TAX RATES

Are you collecting the correct sales tax? Each state, and sometimes cities, tax food differently. In some cases, sales tax can be required on take-out, but not on dine-in. Different types of food may be taxed, while others are not. It's important to do your homework and understand how your products are taxed in your city, county, and state.

Guidelines for how food is taxed in Washington State can be found [here](#). If you are outside of Washington, make sure to check your local tax resources for

Once you know the correct tax rates, updating them in your point of sale system is easy. Check out our training video on how to adjust tax rates [here](#).

DID YOU KNOW? SCREEN CALIBRATION

Occasionally a touch screen may be needed to be calibrated. If the screen is not responding to your touch and is selecting the wrong button, it's time to calibrate the screen. Take a look at the [video](#) below for simple instructions on how to calibrate.
