Or check here if this is only for a one time payment:

Signature: _____ Date: _____

Electronic Billing Saves Time & Money ! We are going GREEN!

If 20 percent of Americans switched from paper to electronic bills, statements and payments each year, the collective impact would be:

- Save 150,939,615 pounds of paper
- Save 1,811,275 trees
- Avoid producing almost 2 million tons of greenhouse gases
- Avoid creating over a billion gallons of waste-water during paper production
- Avoid using over 100 million gallons of gas to mail payments

We're all encouraged to do our parts in helping the environment and reducing our contribution to the waste we produce each year. Switching over to electronic billing is an easy way to minimize the footprints we're leaving behind.

Instead of receiving a paper invoice through the mail If you would like to switch to electronic billing please fill out and return the coupon attached below. If you would like to continue receiving a paper invoice as of August 2015 there will be a \$3.00 bill/statement fee added to your bill each month.

Save \$3.00 per month by switching to receive your invoice via Email
