

**Help us support sanctuaries for animals rescued from research!**

The Great Ape Protection and Cost Savings Act (H.R.1513/S.810) will end chimpanzee research, stop their suffering, and retire them to sanctuary. Chimpanzees are not necessary for biomedical research.

You can help us make history by encouraging your federal representatives and senators to cosponsor and pass the Great Ape Protection and Cost Savings Act. For more information, visit NEAVS' dedicated campaign, Project R&R: Release and Restitution for Chimpanzees in U.S. Labs, at [releasechimps.org](http://releasechimps.org).
