FIRE ALARM TECHNICIAN

Mammoth Fire Alarms, Inc has been a family owned and operated fire alarm and life safety equipment distributor and contractor since 1991. We are looking to grow our service department by bringing on qualified licensed fire alarm technicians. If you have a passion for the fire alarm and life safety business, MFA would like to hear from you. We work on a wide variety of systems throughout New England. In addition to fire alarms, MFA has a fire sprinkler division, central monitoring station and sales team throughout the region.

Requirements:

- Ability to work Monday - Friday anywhere from 6:00am - 5:00pm depending on customer start time. Normal hours are Monday – Friday 8:00 am – 5:00 pm.
- Possess a Massachusetts Journeyman Electrician or System Technician license.
- Ability to drive and work throughout New England required.
- Out of state licenses and NICET are a plus.
- Ability to climb ladders and lift up to 50lbs.
- Ability to serve in an on-call rotation.
- Good working knowledge of NFPA codes and standards as well as state laws.

Company Benefits:

- Competitive salary based on experience and licensure.
- Health insurance 50% paid by company and 50% paid by employee. (Available on date of hire).
- MFA offers dental insurance services by Delta Dental. (Available on date of hire).
- 401K enrollment with John Hancock available on date of hire. Employees become vested after 36 months of employment.
- Short Term / Long Term Disability and life insurance paid 100% by the company.
- Company issued laptop, cell phone, credit card and vehicle to take home.

All employees are hired under the Commonwealth of Massachusetts general laws.

You will be responsible for test and inspection, service, installation and programming of fire alarm systems serviced by MFA. All field technicians also serve on an on-call rotation one week every cycle based on however many technicians are in the field. All employees must adhere to the Company Policy Handbook which will be covered during your orientation.
