

SunSmile Fruit & Veggi Rinse **By Sunrider International**

Be confident about what you Eat ... Clean! Safe!

Good News: People are eating more fruits and vegetables than ever!

Bad News: We're thereby eating more insecticide-toxic substances!

National Academy of Science (NAS) says
The real concern is:

- The *cumulative effect* of herbicide and insecticide toxic substances on all ages.
- This cumulative effect is serious, but especially to children since they pass through critical phases of development.
- The fruits with highest pesticide levels are **apples, peaches, cranberries, raspberries, strawberries and Mexico cantaloupes**. The vegetables of greatest concern are **corn, celery, lettuce, and spinach**.
- Other concerns: There is an even higher level of carcinogenic sprays used in some countries that are not under the control of the EPA.
- In addition there are various germs and parasites that exist on these fruits that we are unable to wash away. There is considerable amount of illness unaccounted for transmitted this way.

Solution: SUNSMILE FRUIT AND VEGETABLE RINSE

This breakthrough product is without equal. Naturally derived from coconut and corn, and powerfully formulated with herbal ingredients to:

• **Food Supply:**

Clean gently all **fruits, veggies, grains, legumes, and meats** of external pesticides, harmful bacteria (salmonella, E.Coli), parasites, worms, larvae, fungus, and even waxy coatings. Saves **produce \$\$**. Clean, safe food stays fresh longer. Slows dehydration. Washes away **sprout's** mold and bacteria, extends life.

Easy to Use:

1 capful to 1 gal. water. Dip in diluted solution 1 min. Waxy coatings, dip in diluted solution for 5 min, air/wipe dry. Meats soak 10 min.

• **Water Supply:**

Disinfects **water for drinking** (1-2 drops, short-term only), cooking, bathing, and washing dishes (1 capful/gallon.) Tests verify that 5-ml of rinse/1 gal. of water will eliminate or destroy 99% of E. Coli, salmonella, and other organisms. Provides protection against **bacteria, virus, fungus, and parasites** (including Giardia and amoebas in water).

• **Healthy Homes**

Use in dishwasher to stop germs when colds are around. Add to SuperClean as a disinfectant.

Melts **candle wax and helps clean teeth stains**.

Extends life of **flowers** –1 to 2 drops in water, change every 3-4 days & cut stems.

• **Internal Parasite Cleansing:**

Discourages **parasites**—3-4 drops in ½ c. water for 3 days, wait 1 week, repeat. Clean bowels: Drink **Regular Fortune Delight** with **SunBars**.

• **Natural Herbicide/pesticide:**

Discourages insects, worms in garden and trees. Dissolves the natural waxy protective coatings on bugs, causing their death, making it a **natural herbicide/pesticide**. 2 capfuls F&VRinse + 2 caps of SuperClean/gallon.

• **Natural Medicine Cabinet**

Sterilizes **cuts, scrapes or burns**.

Fights Fungus & Candida: **Athlete's Foot, Ring Worm, Contact Dermatitis, Eczema, Impetigo, Psoriasis, Nail Fungus**. If any area turns white, it indicates Candida, fungus, infection or mold. Full strength or wash or soak with diluted solution.

Works effectively with **warts, poison oak, poison ivy**. Helps remove **lice, fleas and dust mites**—one capful mixed with 4 oz. Shampoo.

Dr. Chen's high standard: All SunSmile

Comparison by University of Southern CA at Davis: Kills bacteria—SunSmile had no return of bacteria in tests. Silex, Roural, and Scholar used 10xs the strength to stop bacteria; all those had bacteria come back 100-1,000. Wow! Thank you Sunrider!

Products both – Safe & Effective!
