Animals: MME recommends that pets be left at home for their own comfort and safety. If you **MUST** bring your pet, you are responsible for all aspects of their care including cleaning up after them on grounds as well as anywhere on park grounds. Please walk your pet in the parking area regularly so as to not create “burns” on the park grass. **Dogs must always be on a leash and under complete owner control.** Failure to comply with these rules will result in the vendor being asked to remove the animal from the grounds without the vendor breaking down. Intl _____

Water: Vendors will not be able to hook up directly to a hose or faucet. There is no booth/truck water access on site for any purpose including camping. Intl _____

Set Up/Tear Down: All vendors will be set up and ready for business by 9:30 am each morning. Vendors will be allowed onto the grounds starting at **9:00 a.m. Thursday.** All vendors are to vacate the park grounds by **12:00 noon Monday.** Vendors are allowed to camp on the grounds for the duration of the event. It is dry camping only and all fees must be paid before set up. All tents **MUST** be theme/period conforming. RV spaces are limited and not guaranteed. Intl _____

Business Structures/Participant Costumes: Vendors need to provide their own tents, tables, chairs, shade cover/tent, etc. Booths regardless of type, must have the look and feel of structures of the Medieval/Renaissance period. Pop-ups must have all modern looking metal, inside and out, covered with fabric or other covering. **FOOD TRUCKS** need to plan on setting up a tent in front of their windows to serve out of that is decorated appropriately. For all first-time applicants, a photo of your booth **must** accompany this application. MME is the final judge of appropriateness. Each tent/pop-up booth must have 40 LBS of weight **PER CORNER** securely attached. Booth corners will then need to be anchored to these weights. Corners also need to be staked **(carefully as to avoid sprinkler lines and heads)** and securely into the ground with 8-10 inch heavy duty metal stakes (rebar and steel stakes are ideal) and properly guy wired with para cord, hemp or cotton rope and same style metal stakes. Weights need to be disguised or covered to keep a period look. All period style tents and canopies that use wooden poles to set up need only be sure to use 3 guy wires per pole with acceptable cord/rope and stakes. **Vendors will be held responsible for any damage to grass and/or sprinkler system.** We will be inspecting each booth. Only producers will determine if a set-up is secure enough to warrant an exception to these rules. Vendors will be instructed on ways to meet these standards.

All vehicles are to be removed from the field and the public parking lot and kept in vendor parking by 9:30 a.m. each day and during business hours.

ALL persons participating in the working, demos or performances of the vendor’s business shall be in Renaissance, pirate or faerie garb and should at all times strive to emulate the speech and mannerisms of the European Renaissance time period, or pirate and fantasy environments.
