Brad also serves on the Board of Trustees for the Silver Lake institute and has completed several projects for his community. He also advocates and teaches on preservation topics in his community.

9:00- 10:30 Session I | S1H - English Paper Piecing Limit: 15

Description: English Paper Piecing (commonly called EPP or Hexies) is a quilting technique that can be traced back to the 1770s using scraps to create quilts for warmth. As the perfect travel project, quilters today use needle & thread to baste fabric pieces around die cut papers, available in almost any shape or size, that are then whipstitched together to create intricate designs.

Join Sarah to learn this fun technique and see a few examples of her hexie quilts.

Presenter: Sarah Ballinger

Silver Lake Experience - Saturday, August 1, 2026

(Subject to Change)

Presenter Bio: Shortly after returning to her native Castile, NY, Sarah Ballinger learned how to English Paper Piece, AKA hexies. 15 years later, it is by far her favorite hobby and travels with her everywhere from the couch to quilt retreats with friends to Adirondack mountaintops! Sarah also leads a monthly hexie group at The Quilter's Daughter in Perry Center on the first Friday of the month. All are welcome to attend!

9:00- 10:30 Session I | S1i - Pickleball Play Time! Limit: 8

Description: LET'S PLAY PICKLEBALL!

Here's your opportunity to hit the court with paddle in hand to play some pickleball with friends, old and new.

Note: this is not an instructional session. Players should be familiar with basic rules, etc.

There will be several sessions during SLE2026 from which to choose to reserve the court in Bishop Burt Park. For courtesy to others, please sign up for only one session. There will be free play available at other times. The sessions generally run 90 minutes and are limited to 6 registrants per session.

To facilitate play, we recommend a round-robin format where four people play doubles and the two players sitting out the first game enter for the second game, and so on... Feel free to mix up teams, whatever you want.

To keep games moving, we suggest "rally scoring" (score points whether serving or receiving) to 11 points.

These are suggestions. Bottom Line - do what you want and have fun. Players need to bring their own paddles.

Presenter: SLE 2026

Presenter Bio: Thank you to the Silver Lake Institute for their continued support.

11:00-12:30 Session II | S2A - Enjoy a Forest Healing Walk with Certified Forest Therapy Guide, Chip Matthews Limit: 40

Description: Did you know you can reduce stress, improve your attention, boost your immunity and lift your mood all with a walk in the woods? Research shows time in nature can do all of these things without huffing, puffing or climbing up mountains but simply by slowing down, noticing what's around you and reconnecting with the natural world. Forest Therapy guide Chip Matthews invites participants to learn more about the benefits of this gentle practice through a Forest Healing experience. Breathe deep, slow down and see what inner peace you might find in the great outdoors.

>>

>> Forest Healing Walks are gentle walks in nature, practiced with the intention to slow down and engage with the world in an embodied and sensory way. Forest Healing Walks are inspired by the Japanese practice of 'forest bathing' (Shinrin Yoku). Participants will learn that experiences in nature are essential to the well-being of the human mind, body, and soul.

Presenter: Chip Matthews

Presenter Bio: Charles Matthews better known, as Chip, is currently serving as the Director of Student Life at SUNY Geneseo. He is an enthusiastic professional, who is interested in partnering with others to learn and develop through active engagement and increased self-awareness.

Throughout his career, Chip has conducted numerous workshops on leadership, bystander intervention, team building, ethical leadership, and conflict resolution. He teaches courses in leadership theory, interpersonal skills, career and educational planning, and group dynamics and is a Adult Mental Health First Aid USA Instructor.

Chip has a Bachelor of Science in Business Administration, a Masters in Public Administration, a Professional Coaching Certificate, a SUNY Mindfulness Certification, and is Certified Nature and Forest Therapy Guide and Life Coach.

11:00-1:30 Session II | S2B - Coca Cola Museum Tour Limit: 20

Silver Lake Experience - Saturday, August 1, 2026

(Subject to Change)

Description: Would you like to take a small step back in time? Dave Phillips has reimagined his garage into a Coca Cola Museum after years and years of collecting Coke memorabilia that started with a single pitcher. Travel up into the hills on the opposite side of the lake to find this hidden gem. Dave and his museum were highlighted in the December, 2022 issue of 55 Plus Magazine. NOTE: there are stairs to the upper loft to the second half of his collection. The museum houses 3-4 thousand items the oldest dating back to about 1905! The museum covers two floors and also has a small Coca Cola Cafe that offers a typical Coca Cola lunch from back in the day! A hot dog, a Coke (or other beverage hot and cold), chips and a cookie. The museum has on display several historic pieces from the Silver Lake area: a poster which at one time hung in The Silver Lake Grove Hotel and an old Coke machine which used to be in Jake's Barber Shop in Perry! Also two antique lights that hung in the original Silver Lake Drive In Snack Bar. The collection consists of everything from tins to Barbie Dolls. A must see collection.

Presenter: Dave Phillips

Presenter Bio: David Phillips attended Perry Central School graduating in 1968, served in USMC from 1970-74, got married in 1974 and had 6 children. From 1974-1986 he worked construction and then made a career change going to Roberts Wesleyan College from 1986-1990 receiving a BS degree in Elementary Education and a Masters degree in Elementary Education in 1994. From 1990 to 2012 he taught elementary school at Letchworth Central School retiring in 2012. Dave's hobbies are woodworking, collecting Coca-Cola memorabilia, making maple syrup, hunting, traveling, camping, walking and hiking. He attends Hope Chapel in Perry and has been involved with Odasagih Bible conference for several years. He's been on mission trips in the US and South America.

Presenter: Kate Stanford

Presenter Bio: Kate Stanford LMHC, CCCTP, is a New York State Licensed Mental Health Counselor, and Certified Clinical Complex Trauma Professional. She works with individuals who are struggling with mental health issues by helping them take a holistic view of their journey to wellness. She has a special focus on working with people recovering from interpersonal/intimate partner abuse so that they can live happy fulfilling lives. Kate uses a variety of techniques when working with people and focuses on meeting people where they are at and helping them to grow into who they wish to be. In addition She is a Reiki master and focuses on alternative healing options to help people on their path. Kate lives and works in Rochester and has had the privilege to have spent many happy summers at her family's cottage on Silver Lake.

11:00-12:30 Session II | S2E - Mindful Meditation Bracelet & Ojo de Dios Limit: 24

Description: Bring your hands as well as your heart to this workshop. You require absolutely no artistic talent or skill to create these lovely and meaningful keepsakes, designed to enhance your prayer life and remind you of God's unwavering presence. Does your mind wander off somewhere unintended while you wholeheartedly attempt to pray or meditate? Do you desire a more meaningful prayer life and deeper connection? This "Mindful Meditation Bracelet" contains components which represent prayer, praise, gratitude and comfort. I have composed a little guide to inspire you to make this personal to you and help keep you focused. Ojo de Dios translated to "Eye of God" is a Mexican folk art, dating back to the sixteenth century and a reminder that God is watching over us. While our hands are busy, let's share with our hearts. Perhaps you have a personal story to share or you choose to sit quietly and reflect. Whatever the case we will all be surrounded by the beauty of Silver Lake in this experience. I look forward to spending this creative time with you.

Presenter: Holly Catherine Rankie

Presenter Bio: Holly Catherine Rankie (Holly-Design/Hip Gypsy)

God richly blessed me with an artful life. It began as a little girl when my grandma "Viola" placed a needle and thread in my hand. I remember the sheer happiness I felt sewing with her, and nearly 60 years later that feeling returns whenever I stitch. Although I truly love creating in all medias, it is the needle arts that have captured my heart. While my career in fashion and home decoration filled my craving to create, while busy raising my sons, I'm now embracing the unhurried nature of my "golden years" as an unexpected gift particularly when spent surrounded by woods at my cabin studio with a project in my lap, my bare feet on the grass and the bird songs in the air I feel a primeval connection and lose all concept of time that piece that passes all understanding as the Bible so eloquently describes in Philippians 4:7 as an advocate for sustainable lifestyle and maker of slow fashion and accessories I mostly enjoy using vintage and reclaimed textiles found objects and natural fabric dying methods techniques more mindful of kindness towards Mother Earth.

11:00-12:30 Session II | S2F - Family Day Ticket: Junior Architects/ Family Architectural Cottage Tour and Scavenger Walk Limit: 30

Description: This is a Family Day session to be enjoyed by the whole family! Join us as we become Junior Architects! In this hands on session, families will learn about basic architectural styles, the architecture of the Silver Lake Institute, and embark on a scavenger hunt as we apply our knowledge as junior architects, in search of clues and examples of these styles! The session will include a brief architectural presentation, the story and tour of one of our oldest cottages, a true architectural treasure, and a guided scavenger hunt through the Institute as we search for architectural clues from the past. Children and parents will learn and explore together in this fun, interactive session as we become Junior Architects!

Presenter: Susan Palmer, Julie Hoffner

Presenter Bio: Susan Palmer is a retired history teacher who taught for 22 years at Akron High School and a retired attorney with a longstanding commitment to historic preservation. She served five years on the Village of Williamsville Historic

Silver Lake Experience - Saturday, August 1, 2026

(Subject to Change)

Preservation Commission and four years as Chair of the Town of Amherst Historic Preservation Commission. Susan was also a member of the founding committee for the Town of Amherst's Annual Preservation Day, a family-focused educational program promoting awareness of historic preservation.

An active advocate for preserving local heritage, she and her husband, Tom, recently restored their cottage at the Silver Lake Institute, saving four historic stained glass windows from demolition. Susan has delivered multiple presentations on historic preservation and continues to support the education and protection of historic community assets.

Julie Hoffner's grandparents bought their cottage in 1945. She has been spending her summer vacations at Silver Lake since her grandmother first dipped her feet into the lake when she was just three months old. Julies parent bought their own cottage just across the back yard from her grandparents when she was 10 and her family continued to spend summers at the lake.

After college, Julie became more involved, taking on the job of organist for Sunday services (as position she continues to have part time). Julies husband also fell in love with the lake, supporting the community working part time on the Grounds committee. In 1988, Julie and her husband purchased her grandparents cottage. Julies husband also supported the community, working as a Trustee of the Silver Lake Institute and when he died in 2003, Julie ran for his seat, and has been on the Board ever since. Julie also became Program Coordinator in 2004, planning and getting performers and speakers for summer programs at SLI, a position she retired from last year. If you say that SLI is in Julies blood you would be right. It is part of her DNA that she has passed on to her children and grandchildren. Her son purchased his own cottage across the road from hers, and so it continues. She will be part of Silver Lake forever, since having her feet dipped in the lake all those years ago.

11:00-12:30 Session II | S2G - One Love Drum Circle with Jackie Limit: 18

Description: (Jackie Swaby will conduct a simple drum circle with a focus on love and harmony through the hands.) As the facilitator of this drum circle, my goal is to create an atmosphere of love and harmony through the power of music. Drumming has been used for centuries as a means of communication and connection, and I believe it has the ability to bring people together in a positive and uplifting way. Through rhythmic beats and collective energy, we will create a space that promotes love, acceptance, and unity. Our goal will be to embrace the power of the drum to spread love and harmony among all who join us in this circle. Together, we will create a beautiful and meaningful experience that celebrates the universal language of music.

Presenter: Jackie Swaby

Presenter Bio: Jacqueline "Jackie" Swaby is the current Education Director and Gallery Curator for GO ART!, a role she assumed in September 2024. Before this position, she spent 16 years as the Executive Director and 12 years as Gallery Curator for the Arts Council for Wyoming County (ACWC). Jackie also held the Director position at the Cordelia A. Greene Library for 20 years prior to her roles at the ACWC. In her role as library director, she helped facilitate significant modernization efforts, including a major building remodel and library automation, which significantly improved operational capacity and service outreach. Hailing from Kingston, Jamaica, Jackie began her career as an art and social studies teacher at Westwood High School, where she founded a pioneering youth folk music group that garnered accolades at regional and national competitions. Throughout her 36 years in the arts and education sectors, her career has been marked by securing many grant funds for the organizations she has served. She has also been instrumental in establishing satellite galleries within local communities and has made contributions to the arts and nonprofit sectors through her work and participation on various committees and panels, including the Wyoming County Women's Business Summit and panels for the New York State Council on the Arts, among others. Jackie has received multiple awards, including the L. Marion Mosher Award for Distinguished Librarianship. In addition to conducting drum circles, Jackie has been involved with various civic, religious, and community organizations during her 40 years in the US, reflecting her wide-ranging interests and commitment to community engagement. Beyond her professional pursuits, Jackie is an enthusiastic cyclist and gardener who values her time spent outdoors and embraces contemplative living.

Award-winning journalist and storyteller Kate Welshofer brings her Monster Project to the Silver Lake Experience for an engaging and thought-provoking program. With humor, heart, and powerful storytelling, Kate invites us to reconsider what makes something — or someone — a monster, and what that reveals about us all. Join us for this entertaining, and hands on opportunity to explore this creative project!

Presenter: Kate Welshofer

Presenter Bio: Kate Welshofer is a writer, illustrator, and creative entrepreneur from Perry. After nearly 30 years in television journalism as an award-winning anchor, reporter, and producer, she shifted her focus to creative storytelling and launched Welshofer Creative LLC. Kate writes for regional publications including The Perry Herald and Buffalo Spree magazine, and shares essays and audio reflections on Substack.

In 2023, she created the Secret Monster Project, a daily doodle practice that began as a lighthearted response to burnout and quickly grew into a joyful creative movement. Her whimsical monsters have appeared in installations, merchandise, community events, and her book, You Monster! (That's a Compliment). Through humor and imagination, Kate encourages audiences to embrace creativity, imperfection, and play as powerful tools for resilience and connection.

Description: Rebecca Connolly, Director of the Cordelia A. Greene Library in Castile, NY and Kelly Paganelli, Asst. Children's Librarian at the Mendon Public Library will share information on Little Free Libraries and Trends in Public Libraries.

Silver Lake Experience - Saturday, August 1, 2026

(Subject to Change)

Kelly, who has a cottage down the road from the 4th Little Free Library set up on Silver Lake, will talk about how little free libraries work and what's involved in setting one up.

Rebecca will follow this talk with information on what rolls libraries are playing in 2026. She will speak specifically about her work at the Castile library, highlighting how things have changed since COVID and how she and her staff work to meet the needs of their community.

Presenter: Kelly Paganelli & Rebecca Connelly

Presenter Bio: Rebecca grew up in Mt. Morris, went to Ithaca College and a few years later, in 2012, moved to her husband's hometown of Castile. She has been the director of Cordelia A. Greene Library for 5 years. She feels passionately about encouraging a love for reading. She also believes that the library is a vital part of the community and therefore should be of service to our patrons however we can be. In her personal time she is making memories with her 3 young children, aforementioned husband, their dog, 3 cats and 2 rabbits. Kelly enjoys all kinds of books – picture books to novels and non-fiction. By day, she works part time at the Mendon Public Library in Honeoye Falls managing the children's and teen book collections as well as planning programs throughout the year. An employee at the library for 15 years, Kelly Paganelli enjoys offering Story Time throughout the year. "Sharing a good book and a song or two with our young patrons and their adults is the greatest!" Kelly said. When not at work, Kelly enjoys time outdoors and adventuring with her husband and two grown sons.

2:00-3:30 Session III | S3B - Celebrating 150 Years at Silver Lake Limit: 40

2:00-3:30 Session III | S3D - Impressionism Limit: 40

Silver Lake Experience - Saturday, August 1, 2026

(Subject to Change)

Description: Impressionism was revolutionary because it broke with the traditions of painting in France in the mid-19th Century. The French Beaux Arts Academy emphasized religious, mythological themes in a very polished form and the New Painting emphasized painting everyday life in an immediate manner working directly from their subjects. New ideas about color emerged from research by the chemist Eugene Chevreul. His book about how our perception was an interaction of adjacent colors, not by modelling in dark and light tones taught these painters that un-mixed colors applied in daubs could give the sensation of light more like the daylight they were observing. The paintings now looked rough and unfinished, and the critics thought that these painters were unskilled daubers. Monet's "Impression Sunrise" painting was used as the example to call this new type of painting Impressionism.

Presenter: Professor Bill White

Presenter Bio: Bill White has been a painter for over 60 years. He has a BFA & MFA in Painting & he taught Drawing, Painting and Modern Art History for over 40 years. He is Professor Emeritus from Hollins University, Roanoke, VA. He works in his studio or out in the landscape, both here and abroad. He translates observation into his "sense of place". His handling of color conveys a lush sense of light and space. His works have been in over 40 solo exhibitions, including the Bowery Gallery, NYC and over one hundred invitational and juried group shows. He had a 50-year Retrospective, Life in the Studio at Rider University, NJ. 2:00-3:30 Session III | S3E - Embury Lanterns: Lighting Up the Globe Limit: 40

Description: Take a journey into the early-1900's to learn about Embury Lanterns. Founded in Rochester, NY; perfected in Warsaw, NY – this interactive discussion will not only review the origins of this home-grown company and how they grew to become one of the most popular lanterns in the world, but also the many different kinds of lanterns that exist and what they were used for. There will be an array of lanterns to see, engage with, and several for purchase. As with most stories, this one starts with Covid, an over-abundance of free time, and Eric in his dining room wielding a blowtorch. What began as a couple lanterns on the supper table, has morphed into a full-fledged lantern laboratory with 60 foot electric nodes, wise-cracking Transylvanian sidekicks and the inspiration to bring 100-year-old pieces of art back to life. Our motto is: we refurbish rusty junk and set it on fire.

Presenter: Eric Szucs

Presenter Bio: Eric Szucs is the Director of Tourism & Marketing at the Wyoming County Chamber and Tourism. He has the pleasure and honor of sharing stories about our wonderfully rural community with tourists from around the globe. In his free time, you will find him seeking out hidden gems, grubbing on delicious foods, and exploring unique shops with friends and family. He has a passion for local history, and after speaking about Embury Lanterns (made in nearby Warsaw, NY) at the 2022 Silver Lake Experience, he's delighted to return once again to this magnificent event.

4:00-5:00 Session IV | S4H - Pickleball Play Time! Limit: 6

Description: LET'S PLAY PICKLEBALL!

Here's your opportunity to hit the court with paddle in hand to play some pickleball with friends, old and new.

Note: this is not an instructional session. Players should be familiar with basic rules, etc.

There will be several sessions during SLE2026 from which to choose to reserve the court in Bishop Burt Park. For courtesy to others, please sign up for only one session. There will be free play available at other times. The sessions generally run 90 minutes and are limited to 6 registrants per session.

To facilitate play, we recommend a round-robin format where four people play doubles and the two players sitting out the first game enter for the second game, and so on... Feel free to mix up teams, whatever you want.

To keep games moving, we suggest ""rally scoring"" (score points whether serving or receiving) to 11 points.

These are suggestions. Bottom Line - do what you want and have fun.

Equipment: Balls will be provided but players need to bring a paddle.

8:30-9:00 PostConcert | S7 - All Attendees: Lantern Walk Limit: 20

Description: "There isn't enough darkness in the world to snuff out the light of one little candle" Siddharta Gautama As the dark and cold take the place of light and warmth on the outside, we must bring our inner lightened warmth to shine forth. To celebrate a lantern walk is to cultivate generosity, kindness, selflessness, and a sense of light, power and love. Let our Lantern Walk inspire and awaken the light that lives within, and be a reminder to take your light, your gifts, and unique talent, gifts that we all have, and share them with family, friends, and perhaps a stranger or two you meet as you walk along your journey of life. Lisa introduced participants to the Lantern Walk in 2022 and received rave reviews!!! It is of the utmost importance that you remain silent during this walk to get the full effect and to give other participants the chance to thoroughly enjoy this unique experience.
