Mr. John Proctor
Southern Cross Contracting Inc.
6000 Deacon Place
Sarasota, Florida 34238

Dear Mr. Proctor:

On behalf of the board of trustees, the staff and the girls of Girls Incorporated, I want to thank you for the exceptional work your company rendered during the renovations to our administrative suite.

Your exemplary customer service started the minute I visited your office area to make color, material selections. Bernie and Jerry provided me with guidance in making the selections but also demonstrated the upmost respect towards me as I made my decisions. This attitude was carried throughout the process.

Your staff ensured that quality work was being completed by the sub-contractors in a safe/secure environment. They took extra precautions in our building due to the fact that it was full of young girls while the work was being completed. Once again, they demonstrated that they cared, that we were more than just a customer to them.

I am very pleased with the final product completed in a timely manner. The transformation will make a significant difference to us as we work each day in the area. We are extremely proud of our renovations and would not hesitate to provide Southern Cross with our highest recommendation.

Please feel free to contact me at (941) 366-6646 or at stephania@girlsincsrq.org if I can be of further assistance.

Sincerely,

Stephania Feltz
Executive Director
Girls Inc. of Sarasota County
