

SUMMER IS JUST AROUND THE CORNER!

Summer officially starts June 21 this year and it'll be here before you know it. It's time for backyard BBQ's, swimming, vacations and outdoor fun!

Now is the time to have your air conditioner checked before the big heat wave hits. Call my friends at Bell Mechanical at 888-863-0560 or go to bellmechanical.com to schedule online. Bell has been my go to AC contractor for over 20 years for my home and all my customers. Don't forget to change those filters very 30-90 days depending on the type of filter you're using. Using better filters is healthier for you and for your HVAC systems!

Williams Renovation is busy on multiple projects throughout Rockwall – Royse City, Terrell and all over Northeast TX. We're now going further out for homeowners who need us for their home repairs.

With over 45 years experience, I meet and help homeowners just like YOU with any type of home problem, repairs or remodeling. We specialize in hard to find leaks – leak damage – structural repairs – window and door replacements, painting... **YOU NAME IT!** If you're needing that 'old fashioned' service that you miss from other contractors, **please call me anytime at 214-325-3046.** We now have a new "fix it" company called **BIZZY B HOME REPAIRS**. Same company, same great service, same owners who care about YOU. Open MON-FRI 8 - 5:00 & SAT 8- 12:00

Thanks again and have a great summer everybody!
