## June 9, 2018 Saturday National Earl Day Open House 11-4

National Earl day is to celebrate Earl Baltes who started a track for racing cars. My favorite TV show was My Name is Earl so I will be celebrating poor Earl. He wanted to turn his life around and didn't have a clue of how to do it. I think we can all relate to this. We want to live good lives and we stumble through the pit falls of being human. Let us band together and try to improve laughing all the way.

## June 10, 2018 Sunday Rev Cay Randall May Returns for Open House 11-4

Please call 480-423-9512 to book appointment for reading with Cay

Most of us are attracted to crystals for their color, shape, shine, sparkle or feeling. On a subtler level, we are attracted to them because they strengthen or balance our aura.

Cay Randall May, as an intuitive, will help you in put together a Crystal Kit uniquely suited to this moment in your life's path. For example, if you are feeling stressed and distracted she might suggest crystals to ground, center and calm you. In her reading specific crystals and stones will be mentioned for your kit. Perhaps you already have your crystals and would like her to intuitively tune into their benefits for you. She will then relate them to your talents and needs with focus on any questions which you might have.

That's where we can intuitively explore what would be the best way to store and use your kit's crystal tools. Some people place them into a pouch made from silk, another fabric or leather.

In your consultation, you may wish to discuss possible ways to use the crystals in your kit. That is one of Cay's favorite questions, because she can then intuitively 'listen' to each crystal to explore its personality and history. This goes much deeper and is more specific than merely noting its chemical composition.

In fact, the choices you make for your Crystal Kit are likely to be just the ones you need and together we can discover their power for you.

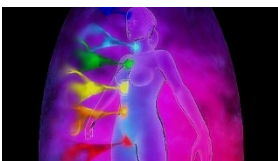

**Cay offers intuitive crystal reading for \$30 for a 15-minute session.**

## **July 1, 2018 Sunday National Postal Worker's Day Open House 11-4**

Today we celebrate the Postal Workers. Shari retired from the post office to start Star Woman Crystals. The people that work for the Post Office are out in all kinds of weather and work extremely hard all year long. The next time you are in the Post Office, take a

moment to thank the window clerk and try to smile at them. They work very hard to bring the mail to you.
