

**Michael GREEN (Vice President)**

Mr. Green's strong work ethics, attention to detail and exceptional problem solving abilities have led him to many roles with OZA's team since 2006. His extensive background and experience in customer sales and customer relations has contributed to his advancement. Mr. Green began his career with OZA providing monitoring services as a vibration technician and quickly became an important part of the condition survey services division thereafter, learning firsthand the valuable loss control services that OZA provides to the construction industry. His superb organization skills and commitment to excellence make him an invaluable asset to our management team, leading to his appointment to the Vice President position in 2011. Mr. Green regularly carries out site reviews even for small projects, with his hands on approach ensuring the best protection for our many valuable clients.
