DESCRIPTION: This is a nice old Mustang, one of Pearson's higher end all-purpose bows. Riser has been refinished. Limbs are in good shape with a bit of discoloration and oxidation. Very structurally sound bow. Comfortable grip. The riser is made from Freijo and is fairly heavy which provides great balance and shock absorption. Bow has no delamination; no cracks; limbs are straight. Double-sided overlay tips. Beveled arrow shelf. Overlays and tips are in great condition. No drilled holes; No chips, dings or cracks. No stress lines or crazing. A few minor scratches and nicks here and there. Decal is intact but in poor condition. Overall, this is a really nice bow in excellent condition for its age. This bow sold for \$75 in 1967, which translates to \$597 in 2020 inflation adjusted dollars.
