

Hi ABATE members and new members I was just thinking that if county fairs throughout the state have ABATE tents set up I know it costs for a spot but if the area you're in has a lot of people for a good turnout it just might pay off for ABATE yard signs/ new member ship / bike tickets. / I had time to do it this year because I am retired now and with the help of some of our ABATE members we got it done. At first I wasn't going to mention all the members that put in a long day but they deserve it they were fantastic members to work with and they deserve so much credit for the effort they put in to it and it was a hot one. So here it goes. Thank you Wayne, Scooter, Bob, Sass, Garry, Cory, Abby, Barry, Holly, Kevin, Andy, Nicky & Kim, without their help it would have been a long, hot week and thank you Leroy and his family for setting up the tent . Sorry I was out of town for that.

Now on to other stuff like our meeting in July was late because of the holiday. Donny was there to go over insurance, Pam Fisher won the 50/50 and we talked about the seminar .If you plan on going reserve your room now while you can.
