'It also forced all People, Great and Small, Rich and Poor, Free and Slave, to receive a Mark on their Right Hands or on their Foreheads, so that they could not Buy or Sell unless they had the Mark, which is the Name of the Beast or the Number of its Name'. Revelation 13:16-17

The purpose of this report is to provide a Transcript of the Internet Sensation Song called, 'Let's Go Brandon'. It is 1 of several versions that hit the Social Media Platforms in early October of 2021 due to an intentional Verbal Irony by a Reporter interviewing a Winning NASCAR Driver. One will comment on the implications of this Song and the new found Slogan that is 'Pushing Back Harder' against the Leftist and Socialist Biden Administration. The Song, with such a Slogan and those that have incorporated statements about the fraudulent plandemic that has been COVID-19 have been banned.

As a backdrop for context, the 'Let's Go Brandon' is a single Song by 3 Rappers named, Bryson Gray, Tyson James, and Chandler Crump. The Song came in the wake of an October 2, 2021 Post-Race Interview with NASCAR Racer Brandon Brown. He is the one who had won his 1st Xfinity Series Race at Talladega Superspeedway in Florida that day. As Brandon was being interviewed in mid-track near the Stands that still had many Fans there, an NBC Reporter, Kelli Stavast, began interviewing Brown.

From the Video Recording, it very clear and obvious that in the background, the Fans in the Stands were chanting 'F*** Joe Biden' (FJB). This chant has become a sensation of its own, and is very popular in many Gatherings, Sporting Events, Games and the like. It is an obvious insult and message to the U.S. President, Biden. As the cameras panned to the crowds, the NBC Reporter, quick on her feet, voiced-over what the crowd should have been Politically Correctly saying or cheering instead, 'Let's Go, Brandon' (LGB).

Thus, the prior marginalized Slogan of FJB, by presumed 'Trump Supporters' took the LGB chant and it took off as an Internet Sensation. The 'Let's Go, Brandon' has now become a euphemism for People upset with not just President Biden, but the Tyrannical Overlording of the Oligarchy or the Powers-That-Be. The Slogan has now been chanted even in Italy, Australia and will no doubt mark or mare the Presidency of Biden forever.

In their Video Release, Bryson, Tyson, and Chandler included a sample of a speech Biden made that, in itself is 'Medical Misinformation' and should be banned. What did Biden declare in the Video Intro? 'You will not get COVID if you take the Shot and everyone will be alright'. Of course. The song comments on the farce that the COVID-19 saga has been and how the COVID-19 Injections are essentially a Poison Death Shot.

Once Upon a Time in America

Ironically, the Video was not banned on YouTube for having Bryson brandish a Semi-Automatic Weapon but for 'Medical Misinformation'. The message of the Song commented not only about the U.S. President, but also his assertions regarding the Injections. Nevertheless, the Song Track reached #1 on the iTunes Store Music Chart. People were quick to point out that the Song even surpassed Adele's new single, 'Easy On Me.' 'Let's Go Brandon' is actually the 2nd Song of its Title to top the iTunes Chart. Another Rapper, Loza Alexander, gained a hit with his single of the same Name.

Also, the LGB has also been an Antithesis to the LGBT Community as the National Divide mostly runs deep between the 'Blue and the Red', Conservatives and Socialists in, 'Once Upon a Time in America'. Why the sensation over this 3 Word Chant? Most People are tired of being lied to and censored by those who own the Government, Media, Medicine, Military and Music, to name a few Dragnets. Most People, even on the Left know that Biden is 'President' in Name only. His Mental State is deteriorating by the day, with no disrespect or ill wishes toward him. But he is not making the decision nor 'Running the Country'. He is the Head of State that will go down in history along with the Nation; the once the 'Home of the Brave and Land of the Free'.

Consider, that just 1 year ago, how the USA has been 'trans-formed'. It is the plan.

- 1. The USA was Energy Independent.*
- 2. Gas was \$1.80 per gallon on average.*
- 3. Store shelves were fully stocked.*
- 4. There was no disruption in the Supply Chains.*
- 5. Unemployment was at an all-time low.*
- 6. More Women and Minorities were working than ever.*
- 7. Wages were going up.*
- 8. Inflation was at nearly 0%.*
- 9. Peace broke out in the Middle East with the Abrahamic Accords.*
- 10. America's Muslim Enemies were eliminated. Soleimani.*
- 11. The Taliban was kept in check, as Afghanistan had a beacon of hope.*
- 12. Illegal and Mass Immigration was reduced to all-time lows.*
- 13. NATO was forced to pay its fair share of the Military Budget.*
- 14. China was put in Check as Trade Deals favored the Communists.*
- 15. Nuclear Deal with Iran was withdrawn.*
- 16. USA withdrew from the Paris Climate Treaty that avoided what is occurring now.*
- 17. North Korea suspended tests as a Détente emerged from diplomacy.*
- 18. Worldwide Tourism hit an all-time high.*
- 19. The Administration of the USA sought to put the interests and needs of America 1st.*
- 20. America was respected once again and admired for its Leadership around the World.*

Thus, the fact they banned the 'Let's Go Brandon' Song on YouTube shows exactly how much truth it is speaking; and that is what the Powers-That-Be fear the most. And for all their claims of 'Wokeness', YouTube silenced a Black Artist's voice? Yes. It is the Power of a Thought, of Logic, Reason and Truth that is not allowed. Consider the irony in that all the Rap Music that glorify Gun Violence, Rape, Gang Activity, does not get banned. Yet if a Christian Rap Group's Song about expressing an opinion about Forced Government Vaccinations, that gets banned? Exactly. Kiss America Good-Bye.

Video Intro

Patriots of the World, Unite!

But such a new found Slogan of the Masses have come from the Masses. And it is proof that such common causes transcend Race, Socio-Economic and/or Gender Identities. Or at least they should. Well, enough so that many Blacks are leaving the 'Democrat Plantation'. It is an ideal example of a Unifying Factor of how everyone can finally be a part of the LGB Community, bringing the whole Nation and World together. Republicans may not be the answer but Democrats are always the problem, in one's Political Opinion. One wonders what Brandon Brown is thinking? One suspects he won more than just a NASCAR Race that day. But more Minorities are singing this Slogan.

One knows why? It is because the majority of what was once the 'Backbone' of America, has now been intentionally reduced to nothing but another 'Minority'. Socialism is not about elevating the Bottom Tier but lowering the Top Tier down. Why? A dumbed-down, void of Logic and Reasoning, Vaccinated Injured People can be easily controlled and/or manipulated, or exterminated. History is full of such chapters. And it is currently being played-out presently. The scope is what is amazing. It is now not relegated to isolated Jungles or remote exotic places but it is affecting every Nation on the Planet.

Why all the Censorship? Because there is a Revolution presently going on. It is really no different now for the USA at its end that it was when it began. During the initial 13 Colony Days, the Resistance and how the People 'Pushed Back Harder' against the Tyrannical Power then are no different now. Back then, the Patriots sang, Yankee Doodle. The British tried to Censor such 'Songs' as 'Misinformation' in a pretext to shut down any Public Discord. On October 21st, 2021, YouTube gave Bryson a 'Community Guidelines Strike for 'Medical Misinformation' and removed the Video from the Platform.

It is Biden and the Governments of the World, the WHO, NIH, CDC, the Gates, Soros and Fauci Mengele's of the World that are the culprits in practicing and given 'Medical Misinformation'. It is Genocide. It is a Medical Holocaust. Again, Words and Ideas are powerful. Even in the Bible, the Creator comments that, 'Life and Death' are in the Power of the Tongue', etc. Or how uttering, 'Jesus Saves' spread across the Roman Empire and caused it to fall. But until such a time, it is rather interesting, but hypocritical of how many on the Left are naturally upset that the majority of the USA is chanting this Slogan directed at their 'Fearless Leader'. They say, they are disgusted.

They insist that the Patriots 'behave' and Common People should be 'civil', and even if one does not like the President but that the Office should be respected. Really? Ok. But did such have the same disposition, opinion and/or practice when Trump was President? No. Virtually every day did not go by that the bought-off Media Outlets lambasted Trump with all type so 'Disrespect', no? What a typical double standard coming from the Left. But obviously they invented 'Double Speak'. The Left's solution is just simple, Censor, Ban, and Cancel. But until those that seek to exercise their Constitutional Right are incarcerated, one can still criticize or question, stay Un-Masked, Un-Afraid and Un-Vaxxed with the non-FDA Out-Sourced Immunity. One approves of this Song. 'Let's Go Brandon'.
