NEW! ' E X T E N D E D R E A C H ' AIR CHUCK

RV'S

MOTOR HOMES

HEAVY DUTY VEHICLES

With the NEW Milton ' **E X T E N D E D R E A C H** ' dual head and dual head straight air chuck, inflating inner dual wheels is a breeze.

No more frustration with air chucks too short to reach inner dual wheel tire valves.

S-690-12

**Dual-Head air chuck, 12 1/4" overall length
Maximum pressure: 150 PSI, 1/4" Female NPT**

S-693-12

**Dual-Head Straight foot air chuck, 12 3/4" overall length
Maximum pressure: 150 PSI, 1/4" Female NPT**

The Air Chucks on the S-690-12 & S-693-12 are "closed" or "sealing" type chucks and are not for use on Milton Inflator Gages
