“...Richard Flamm is an FWC/State employee in Tampa, who for reasons I detail, is suspicious for his involvement. (See letter to Florida International University below in book "KILLERS AMONG US...", my other linked books, and information with Miami-Dade and City of Miami Police.)...”

11.3.20 Addendum: Flamm (and others I document in ADP – Absent Due Process..., book linked at my site) should also be investigated regarding the recent shooting death of teen **John V** (in another State),

as well as **Larry Schokman**. Schokman died of a “heart attack” the same day (10.15.2017) that Flamm was at Miami’s Pinecrest Market making sure I saw him, and quickly leaving (seemingly to further terrorize me, as he lives in Tampa). Flamm, his acquaintance **Susan Markley** (ex MDC DERM/UM grad), and others should also be investigated in the death of **Justice Scalia** and others I detail in the Forty Pages to Judge Economou. On 4.12.17, the day after I conveyed my concerns to the Supreme Court Police about Scalia and **Justice Thomas** (stating comments someone made to me another time [4.2.17] at my table at Pinecrest Market), **Judge Abdus-Salaam**, the first female Muslim US judge, was found dead in the Hudson River. Her cause of death has not been determined, but there were marks around her neck. Please bear in mind that I was vilely threatened by my **University of Miami (UM)** boss, **Stuart Herna**, because I had, “complained about a lot of people” (more at Home page and links). The timing of the death of **US Attorney Janet Reno** (Nov.7) is also concerning: the day prior to the 2016 election. She was ill, but injected chemicals can hasten a death (“heart attack” or “elevated/low labs”), and biologics (given to **Dr. James Cosmides** at his 30th wedding anniversary dinner out) cause one to fall asleep a few hours after ingestion, never to wake up again, or only briefly, “not feeling well”.

This horrid and ongoing collusion, conspiracy, and murder I have reported also involves then and current **MDC “Mayor” Carlos Gimenez**. Although not mayor at the time of **Elian Gonzalez**, his constituents were upset that Elian was sent back to Cuba by Reno. Aside from Scalia, Abdus-Salaam, Thomas, etc. some of these more recent local deaths and victims [going back a few years] were people familiar to me and those I knew. This is vile, savage, retaliation. More detail is presented in ADP as well as much more specific information in the 40 pages to Judge Economou. There is more than circumstantial information – the dates and other information have too many intersecting factors to be chance. Some may be coincidence – but most (if not all) are not. I believe these killers are also involved in the documented deaths of many Clinton adversaries, as well as many (100+) holistic doctors (links at my Home page).

As I have written elsewhere – these anarchists feel they are above the law – whether military, law enforcement, Fish & Wildlife, MDC, UM, FBI, CIA, Jews, Cubans, etc. (I am Jewish.) I say anarchist because they are trying their best to turn our Democracy upside-down, and cause havoc wherever they can. They fit Truman’s description of the CIA: *They spend billions of dollars on stirring up trouble so they’ll have something to report on...* Indeed, I believe these perpetrators are on a government payroll – certainly with our tax dollars funding this disgrace. Maybe Flamm and **Jeff Borg** (ACLU) are CIA. It would appear both UM and MDC Mayor Gimenez are also “well connected” to the CIA. The CIA needs to be disbanded. A much better title for this travesty is Central Insurgents Agency... This horror has gone on, likely for decades, however, most cannot imagine such deliberate, evil savagery nor think to document such. This is NOT American, nor civil, nor just – and perpetrators must be stopped and held accountable.

Someone I know said to me (again at Pinecrest while I was handing out my Constitutions), that the criminal justice system is overburdened. He said this in the context that someone had “taken care of” his then-girlfriend’s grandmother’s alleged killer, a teenager or not much older, who was released with an alibi (that the granddaughter apparently did not agree with). These people indeed feel they are above the law, and indeed this extrajudicial terror is being protected. How? Why? Perhaps these anarchists are threatening up to and including our presidents? After all, they did kill JFK ... It is a nightmare scenario, but one that can be reversed. We have Our Constitution. We likely should also get \$ and parties out of politics. Our D/R reps are currently bought and paid for by just these and other powerful entities, that they also oversee.

My early complaints up to **Obama** went unanswered, raising questions for “favors” at that level... (**Trump** is also aware.) It is known that Obama kowtowed to the CIA (read John Kiriakou) and went after Kiriakou and other whistleblowers (WB) like no administration prior. I have recently found out about a WB (**Larry Sinclair**) who said that Obama may be involved in the murder of several men (**Donald Young, Larry Bland, and Nate Spencer**). This WB was silenced during Obama’s presidential run. Here are some links including two tapes of questions and answers with this WB.

Obama’s lack of concern regarding my worry for the safety of **Joan M** while in Bethesda East Hospital, only increases my suspicion that he is capable of involvement regarding these allegations. Joan M was indeed killed there within the week. (More at my Home page, overview.) These anarchists are highly educated in sciences, subversion, and intelligence (certainly Flamm and Borg seem to be). They are liberal, and indeed appear to feel that the “ends” justify the means. (I am a registered Democrat but as noted, believe, like Washington, we should not have parties; we all have more in common than not, and parties viciously divide us.)

Collusion is illegal – and particularly when murder and unlawful retaliation are involved. The FBI, CIA (illegally operating stateside), military, etc. should not be allowed to “recruit” known contacts of people (or anyone) to terrorize each-other, or any other American, or otherwise defame people and turn others against them. This has been obvious and widespread in my case. This disgraceful modus operandi, along with their “Gotcha” mentality, where they dig for any dirt, proven or not, to try to stir things up, must be ended. If it is their “role”, it should not be. It is counterproductive to a humane society, and allows such horrid abuse of those without resources, the poorest, and otherwise most vulnerable. If THIS is not fascism, nothing is. We are fortunate to have Our Constitution, and no one is, per law, above, or beneath it.

These monsters are operating illegally – you can see many of their names at my site. The CIA is known to have certain “loopholes” that let them operate with impunity: <https://www.fff.org/2020/08/11/why-immunity-for-the-cia/> <https://www.fff.org/2020/08/13/the-cias-longstanding-relationship-with-crime>. They are also secretive, the perfect combination facilitating the terror they are today: <https://www.counterpunch.org/2019/08/07/the-rise-of-the-american-gestapo/> (FBI), and <http://libertytree.ca/quotes/Harry.Truman.Quote.B224> (CIA as the American Gestapo).

Demand due process for these perpetrators – something they never allow their victims to have. Demand justice for their victims – something Our Constitution demands. These monsters are dangerous to Our Republic, and must be in prison. THIS IS WHAT IS GOING ON – ILLEGAL AND UNCONSTITUTIONAL JUDGING, EVALUATING, AND SENTENCING – A STAR COURT OF MULTIPLE ENTITIES – IGNORING OUR FUNDAMENTAL RIGHTS AND CONSTITUTION. DEMAND INVESTIGATIONS, ACCOUNTABILITY, JUSTICE, AND OVERSIGHT. DEMAND CIVILITY AND HUMANITY FOR ALL PEOPLE. Redemption, not retaliation and retribution. Due process, not defamation and defilement.

Susan Markley (Flamm's acquaintance/co-CIA?): was overseeing the Miami-Dade County Manatee Protection Plan Review Committee when I was on it, about 2009. I voiced my concern publicly that many on the Committee, perhaps half, stood to benefit financially from some items we were voting on, including boat docks. These people remained on the Committee, and did vote on these issues.

Subject:FIU - Very serious concerns

Dear Messrs. Castillo and Deville,

I am an MS graduate of FIU from 2003, Environmental Sciences. I have extremely serious concerns regarding an advisor I worked with then. He was not an FIU employee, and I met him outside of school (at a County Manatee meeting).

I will say that I wish I had never met him, and that he should have had to go through a process of vetting - he is clearly NOT suited to work with students. He is a very concerning person for his values, ethics, and apparent disregard for the Constitution and our laws.

I have more than enough information to repulse, anger, and frighten you, and make you realize something horrid is going on in America. Please see my website, ourconstitution.info, Home page. The top NOTE to Trump, and overview, are a good (vile) start.

This man, Richard Flamm, should be in prison, but that would be handled (I guess) through other channels. What I am requesting is the grant money from him (the part I used), be given back to him/those entities. I think you will clearly understand why I want nothing to do with him. If there are other suggestions (beyond and including this) please let me know. This is horrid, should never have happened, and as you will see, the retaliation is still ongoing, as is my reporting. I am sure you agree that no one is above, or beneath, the law.

I have a personal Outlook email but someone has hacked it internally - likely via MSN - changing my password everyday even, has no effect. It may be him? Anyway, I am using this email. I have corresponded with the President of FIU and current research and departmental advisors, with no response. Those letters are in my linked books - which are actually all documentation of this savagery.

Thank you, *Judy*

REFORM AS LAW – TAKE GOVERNMENT OATHS ON THE CONSTITUTION, NOT ON THE BIBLE

...separating church from state was integral to the framers' understanding of religious freedom,
