

RCX

Remstar Carousel Interface

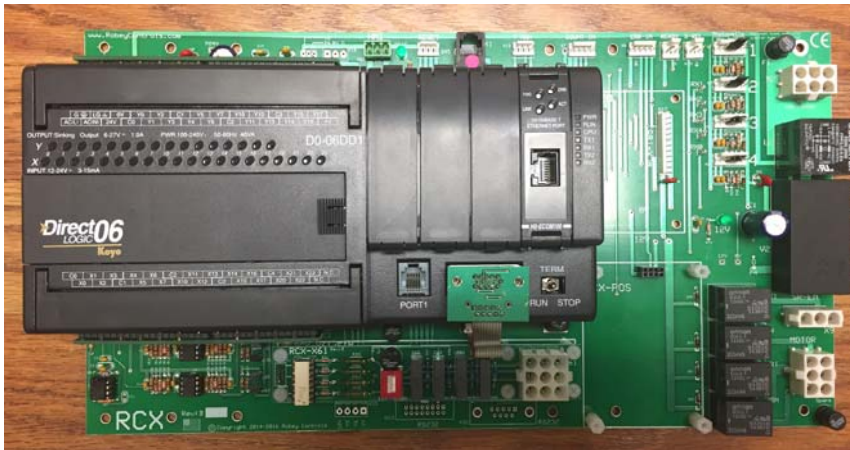

When upgrading from the **T85** control generation, the RCX kit replaces the GS44, GS81, GS46, GS47 and GS61:

OEM

REPLACEMENT

RCX is a drop-in controller upgrade kit for Remstar vertical carousels. The kit includes a PLC and adapter board with pin-compatible interface connections to the existing Remstar control panel cables and components.

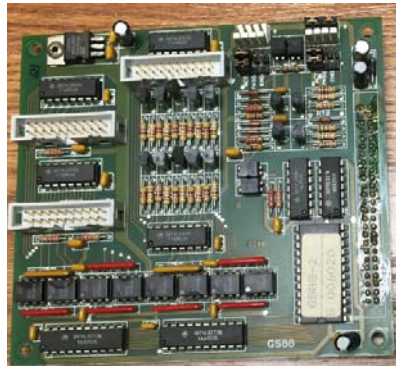

Conversions are fast and easy and usually only take about one hour.

When upgrading from the **T88** control generation, the RCX kit replaces the GS87 or GS140 or GS160, GS88, GS90 and GS91:

OEM

REPLACEMENT

Features & Benefits
