

JOINT IS JUMPING (Ain't Misbehavin')

SOLO

They have a new expression along old Harlem way
That tells you when a party is ten times more than gay
To say that things are jumpin' leaves not a single doubt
That everthing is in full swing when you hear someone shout
Here 'tis

ALL

The joint is jumpin'
It's really jumpin'
Come in, cats, and check your hats
I mean this joint is jumpin'

The piano's thumpin',
The dancers bumpin',
This here spot is more than hot
In fact, the joint is jumpin'

Check your coats at the door
Be sure to pay your quarter
Burn your leather on the floor
Grab a glass of water

The roof is rockin'
The neighbors knockin'
We're all bums when the wagon comes
I mean, this joint is jumpin' "Let it beat! oh my! I'm looking out now! Let's cut this rug!"

DANCE BREAK till 1:30

The joint is jumpin'
It's really jumpin'
Come in cats and check your hats

I mean this joint is jumpin'

No time for talkin'
This place is walkin', yes
Get your jug and cut the rug
I think the joint is jumpin'

Get your pig feet, bread and gin
There's plenty in the kitchen
Who is that that just came in?
Just look at the way he's switchin'

Don't mind the hour
Cuz I'm in power, I've got bail if we go to jail
I mean this joint is jumpin'
The joint is jumpin'
It's really jumpin'
We're all bums when the wagon comes I mean this joint is jumpin'
