OUTLINE

- What kind of insurance should I have?
- How much insurance?
- Latest trends in Claims?
- What to look for in an insurance carrier?

What kind of Insurance?

- 1. Commercial General Liability
- 2. Commercial Umbrella
- 3. Errors & Omissions
- 4. Workers Compensation
- 5. Property
- 6. Inland Marine
- 7. Bonding
- 8. Crime
- 9. EPLI
- 10. Cyber Liability

Additional Insurance

- 1. Commercial Auto
- D&O (Directors & Officers)
- 3. Health
- 4. Dental
- 5. Life
 - a. Group
 - b. Key man
 - c. Buy/Sell
- 6. Disability
- 7. LTC (Long Term Care)
- 8. Vision
- 9. EAP (Employee Assistance Program)

Commercial General Liability

- A standard insurance policy issued to business organizations to protect them against liability claims for bodily injury (BI) and property damage (PD) arising out of premises, operations, products, and completed operations; and advertising and personal injury (PI) liability.
- #1 question regarding Products and Completed operations – who is the manufacturer? Dealer's stickers over manufacturer? Next to it is best!

Commercial Umbrella

- Liability insurance that is in excess of specified other liability policies
- Underlying limits pay first, then this policy

Errors & Omissions

- Professional Liability
- An insurance form that protects the insured against liability for committing an error or omission in performance of professional duties. (similar to malpractice insurance). Generally, such policies are designed to cover financial losses rather than liability for bodily injury (BI) and property damage (PD).

Workers Compensation

- A system of insurance that reimburses an employer for damages that must be paid to an employee for injury occurring in the course of employment.
- Required in all states except NJ, TX & SD

Business Property

- Building, equipment, fixtures, furniture, merchandise, etc., identified in an insurance policy as owned by the insured and used in his or her business. Includes inventory.
- On designated premises

Inland Marine

- Property insurance for property in transit over land, certain types of moveable property. Many inland marine coverage forms provide coverage without regard to the location of the covered property; these are sometimes called "property floater" policies. As a group, inland marine coverage forms are generally broader than property coverage forms.
- Off premises coverage

Bonding

 A guarantee of performance required, either by law or consumer demand. Often for businesses with government contracts or some states or cities require a license bond.

Crime

- Employee dishonesty
- Credit card forgery
- Computer fraud & theft
- Funds Transfer Fraud
- Disappearance & destruction of property

EPLI (Employment Practices Liability Insurance)

 An insurance policy covering wrongful acts arising from the employment process – wrongful termination, discrimination, sexual harassment, and retaliation.

Are you at Risk?

Cyber Liability

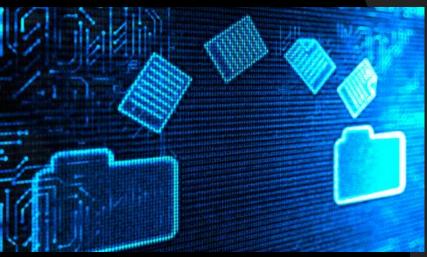

What is the nature and sensitivity of your data?

How is data collected, stored, used, shared and destroyed?

Cyber Liability

What would a cyber attach cost your company?

Is your company susceptible to a cyber attack or breach?

How much Insurance?

- You can never have enough!
- •\$1M / \$2M are typical liability limits
- Commercial Umbrellas are becoming more popular

Claims

- Duty to Defend. #1 claim filed.
- Anyone can sue for anything.
- Are your defense costs inside or outside limits?
- Commercial Excess Liability (umbrella).
 - see letter you want to avoid on next slide

Claim is higher than limits.

March 18, 2008

RE: Named Insured

Claim Number : 786 AH 2240
Date of Loss : March 27, 2006

Dear

Please be advised I have taken over the handling of the above listed claim. As you are aware, your policy provides \$100,000 for bodily injuries. There is a possibility that the claimant's injury claim will be in excess of your policy limits.

Since the damages in this claim may exceed your policy limit, you may wish to have your own attorney monitor this case in order to protect your personal assets. You would, however, be personally responsible for your own attorney's charges. Please feel confident that we will do everything possible to settle the case within your policy limits.

If you have any other policy of insurance, which may provide you with additional coverage, we advise you to immediately notify the appropriate carrier of the claim pending against you along with the contents of this letter. If you have any questions concerning possible excess coverage, we suggest you immediately consult with your agent or broker.

If you have any questions, please contact me at (800) 822-

Sincerely,

James C. Slaughter Claim Representative

Be up front with your agent!

"I'm sorry, but when you took out the policy, you never specified that it was a mobile home."

Insurance Companies

- Vary by State and Region
- AM Best Rating is Important
- Financial Size
- Admitted vs. Non-Admitted (See next slide).
- Taxes and Fees
- Financing

FINANCIAL STRENGTH RATING									
Secure		Vulnerable							
A++, A+	(Superior)	B, B-	(Fair)						
A, A-	(Excellent)	C++, C+	(Marginal)						
B++, B+	(Good)	C, C-	(Weak)						
		D	(Poor)						
		Е	(Under Regulator Supervision)						
		F	(In Liquidation)						
		S	(Suspended)						

Admitted vs. Non-Admitted

Admitted

- Approved by state's insurance department.
- Must comply with all state regulations.
- Fees and taxes are included in premiums.
- State will step in and cover claims if carrier fails.
- Direct bill from carrier with payment options is usually available.

Non-Admitted

- Insurance company doesn't have to comply with state regulations including filed rates.
- No guarantee claims will be paid if company becomes insolvent.
- •Fees and taxes are outside of premium from carrier.
- •Paid in full is required or financing is an option.

Considerations

• The financial strength of the firm is the most important factor to consider.

Misconceptions

- Admitted companies, due to regulations, are smaller in size and have less cash reserves.
- The government will back claims made by clients before their ailing admitted company folds.
- Non-admitted companies can have the strongest ratings with billions of dollars in their reserve.
