

Robotics Sponsorship Drive

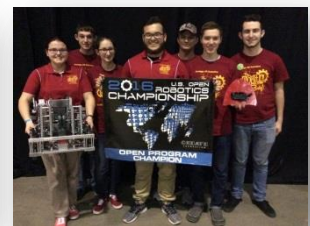

Dear Portage Robotics Supporter,

Members of the Portage Robotics teams are working hard towards this year's tournament season. Being a new and rapidly growing program, teams require the necessary resources to attain our goal of representing Portage at the Vex World Robotics Championships. With support of Sponsors like you, this goal will become reality. Please consider supporting this worthy cause and making a difference for a student by helping them towards their \$250 sponsorships goal.

How it Works: There is no product being sold. Students are seeking personal or team support in the form monetary sponsorships. 100% of the financial backing benefits the student, the program and their future.

Sponsorship Levels:

- *Tournament:* \$25
- *State:* \$50
- *National:* \$75
- *World:* \$100
- *Own a Robot!:* \$500

Sponsor Benefits:

- ✓ **Tournament** Sponsors names featured on team Website and Face book page.
- ✓ **State** Receive the above plus name-recognition/logo on the traveling team Banner.
- ✓ **National** Receive the above plus name-recognition/logo on back of team t-shirts.
- ✓ **World** Receive the above plus prominent name/logo webpage Advertisement and Link!
- ✓ **Own a Robot!** For Business/Corporate Sponsors who want their Name/Logo directly on a Robot.
- ✓ All sponsorship donations are tax deductible and will receive a receipt.
- ✓ Sponsors will experience pride in supporting the efforts of young members of the Portage community.

How Sponsorship funds are used: 100% of funds raised will go directly back to the students and program in form of Robotics hardware, sensors, controllers, storage, and transport systems. In addition, the funds will be used for defray costs of registration fees, tournament fees, travel expenses and food. Students will also earn robotics apparel by participating in the sponsorship drive

Student Incentive:

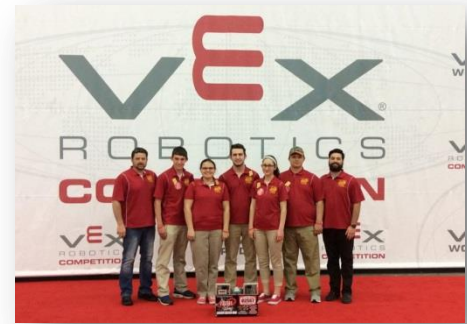

- 1 Portage Robotics T-shirt
- 1 Team Embroidered Polo Shirt

Portage Robotics: The Porta-Botz!

Sponsorship Fundraiser Drive

Potential Sponsors:

- Family, extended family and family friends.
- Parents' Employers

The screenshot shows the website for Portage Robotics, VEX Team # 2567. It features a navigation menu on the right with links for Home, About Us, Schedule, Robo Camp, Our Sponsors, Photo Gallery, Community Service, Contact Us, Curriculum, In The News/Media, We Want You, and Team Resources. The main content area includes sections for Robotics Education, Award Winning (listing various state and national championships), and Join Our Team! (with information about membership opportunities). At the bottom, there are logos for sponsors like Marigold, Portage HS MEMORE, ArcelorMittal, St. Mary's, and Corby Eye Care Center. A footer section lists skills for life: Creativity, Self Discipline, Problem Solving, Time Management, Organization, Commitment, Planning, Persistence, Resiliency, Communication, and Collaboration Excellence. Logos for VEX, PLTW, STEM, Engineering & Technology Education, and Robo are also present.
