### **Description:**

OSHA Hazard Communication “Chemical Right To Know” (29 CFR 1910.1200) The presentation includes the chemical hazardous communication regulation—understanding labeling, reading material safety data sheets, and understanding personal protection equipment requirements and choices. As a bonus we include “Chemistry and Safety for Custodians” As chemistry is the foundation of custodial work, we demystify the science behind the products they use every day.

### **Who should Attend?**

Directors, Administrators, Teachers, Nutrition and Custodians staffs and Volunteers.

### **Session:**

Half Day Training at a location of your choice

### **Investment:**

Free quote! We are competitive and discounts are available. Handout materials are separate. Book early, limited dates available. Travel and other out of pocket expenses are borne by the client.

We make sense of the science and human factors affecting your child care facility.
