

TMP, LLC.- Knoxville, TN 37932 – (701)361-9128 - www.tmpllc.net

Installation/Instructions: TIRE MASK

1. Degrease, wash + dry wheels.
2. Sand old paint with sand paper.
3. Clean wheels with wax + grease remover.
4. Apply Tire Maskers w/tape, prime, then paint.

When painting wheels remember: "The better the prep, the better the finish". Remove rust & be sure your lugs are properly torqued before painting to avoid fresh paint in between the mating surfaces. Follow FMCSA (DOT) Statute § 393.205 regarding wheels, OSHA guidelines for painting, and the 3.5 mil paint thickness as recommended by the TMC. As always, safety first.
