DESIGNED FOR PERFORMANCE

POWER BASE PERFORMANCE

- Intuitive mid-wheel drive handling
- Linux 5 mph, 6 mph, or 8 mph, 4-pole motor packages
- SpiderTrac™ Suspension for superior traction and handling across multiple terrains
 - Gas dampening system for smooth, stable transitions
 - 3" curb climbing capability
 - 22° transition angle helps prevent high centering on curb cuts

ELECTRONICS OPTIONS FOR INTUITIVE DRIVING

R-net Expandable and Non-Expandable Controls

- Standard PM120 Controller offers 30% more power and improved drive algorithm
- Simple to use non-expandable controls feature 4-way toggle switch for operation of tilt and power legrests
- Expandable controls feature assignable buttons for control of common functions and 8 programmable profiles for transitions between environments

Alternative Drive Controls

- Alternative drive controls available on-chair and will ship complete with QM-7 Series wheelchairs
- 28 Switch-It and ASL® proportional and non-proportional (switch) input control options available
- NEW Switch-It Dual Pro™ proportional head array offers fine-tuned adjustments and customization to provide an easy-to-learn, precise, and intuitive driving experience
