 1575 Paul Russell Rd, Suite 3703, Tallahassee, FL 32301

Established in 2004, One Day Came, Inc. believes life's dreams require a constructed facility as a platform. This platform is the symbol that a dream is now a reality, and that 'The Day Has Come'. We become "one" with our clients' goals via stewardship of their objectives. This business model partners us with our clients, industry-mentors, subcontractors and communities, and deliver these facilities with a great collection of pride and excellence.

Performances & Project Partners

FAMU Rural Diversity Healthcare Center

Renovating the historic Alatex Building, once a textile factory that served WWII soldiers, now the Florida AHM University PharmD program, also providing area healthcare.

FAMU College of Law - South Plaza

Project included a new irrigation system, improved lighting, drainage, landscape improvements, and furniture. Now a beautiful outdoor student retreat.

NEW! FAMU - FSU College of Engineering

New 78,000 GSF three story building, plus renovate existing Buildings A and B.
