Game line up: (unless noted, games are for all and will be divided by age and prizes will be given to the younger and older groups)

4:30 pm – SeaHorse Relay - Using a pool noodle, players will be divided into teams, one on each side of the pool. On the go, the first player jumps on their "seahorse" and swims to tag a teammate on the opposite side of the pool. The next player jumps on the sea horse to tag the next teammate. Repeat until all teammates have gone. Fastest team wins!

5:00 pm – Sponge Relay: Put a bucket full of water at the start line and an empty bowl at the finish line. The goal is to fill the bowl at the finish line with water carried in the sponge before the music ends.

5:30 pm – Duck Push: Each player has a rubber duck and must push it to the other end of the pool without using their hands! They can push the ducks with their noses, blow on them, bump with their foreheads or splash the duck - whatever to get it moving. First one to the end of the pool wins.

6:00 pm- Ball Squirt - Relay race using a squirt gun - players are set in teams and each player will send their ball across the pool to the other side where their teammate will send it back. The first one to get to back wins.

6:30 pm - Pick up sticks Relay/Numbers crunch - Glow sticks and ping pong balls with points written on them will be thrown in the shallow end for the little ones and the deep end for the older, stronger swimmers. Players will be divided into teams and on the go, one player from each team gets a glow stick or ball and then tags the next teammate. When all sticks are retrieved, the team with the most points wins.

7:00 - Bellyflop contest! Strong swimmers only. Judges needed!
