

## TRAINING SEMINARS 2023

### Introduction to the latest version of Jonas Software

The latest version of Jonas Software has been released for all clubs. Like all previous versions, this one is full of great enhancements and upgrades to make your club even more efficient. Our full-day seminars will review the most important features and teach you how to take advantage of the changes. We will also present our Top 10 Membership and F&B Point of Sale tips and tricks.

#### Session 1: Accounting, Membership & Membership Reporting

This session will focus on the important changes covering system administration, accounting, and membership. This year's afternoon session will be our Top 10 Membership tips and tricks, and plenty of time for Q&A to ensure you leave with answers to your questions. Some of the highlights of this session include the following:

- Accounting upgrades
- Recurring journal entry updates
- New accounts payable features
- New member reporting options
- New text messaging options
- New credit card integration options
- Updated demographic reporting
- New system security features

- Afternoon Session: Top 10 Membership tips and tricks in Jonas

#### Session 2: F&B Point of Sale Training Seminar

This session will prepare your Food & Beverage staff to take advantage of the new features in Jonas. This year's afternoon session will be our Top 10 F&B Point of Sale tips and tricks, and plenty of time for Q&A to ensure you leave with answers to your questions. Some of the highlights of this session include the following:

- New meal coursing options
- New methods of working with seat numbers
- New features for faster processing
- New options for running POS on a tablet
- Updated sales mix reports
- Upgrades to chit splitting
- New online ordering features
- New features related to preparation options
- Updates to POS menu design
- Updates to terminal settings

- Afternoon Session: Top 10 Point of Sale tips and tricks in Jonas
