SHERATON IS THE GREATEST !

Nineteen seventy-four was a historical year for the United States in general and a momentous one for the Town of Ocean City, in particular. Nationally, President Richard Nixon resigned his office. Locally, however, a bright star appeared on the horizon. It was AARP Worcester County Chapter 1917 in Ocean City.

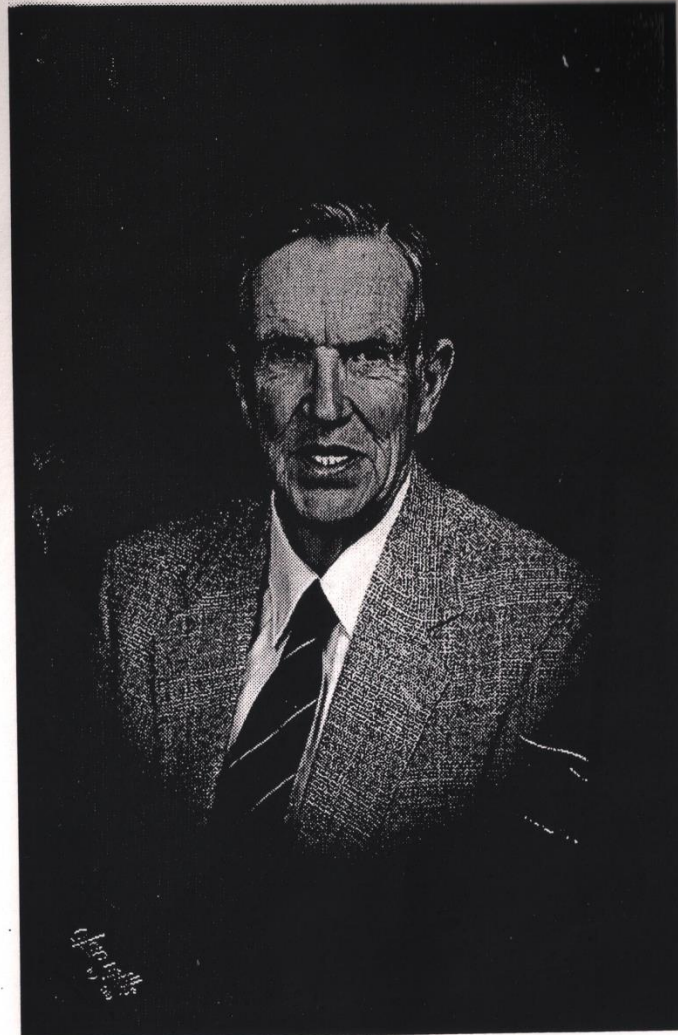

Chapter 1917 started with a minimum of 40 Charter members who recognized the need for a strong Senior Citizen Group to contribute to the City's continuing development. In the ensuing 20 years Chapter membership has grown to exceed 1000. As a group, and individually, this Chapter's impact on the Ocean City community has been phenomenal. Members with varied backgrounds, unlimited dedication, and years of experience have given countless volunteer hours and have contributed greatly to the success of present-day Ocean City.

I suppose that it could be the "Luck of the Irish" which has caused me to be Chapter President during this, the 20th Anniversary year. I feel extremely honored to serve with those past Chapter Officers whose dedication, experience, and hard work have caused Chapter 1917 to become a strong contributing force in the development of the Town of Ocean City.

I want to take this opportunity to thank all current members and Officers for the help and cooperation extended to me during the past year. I feel confident that our Chapter will continue to grow, prosper, and contribute for many years to come.

God Bless You All!!!

Bill McCarthy
Chapter President, 1994

*Twenty years this very month
our Chapter came to be,
and many helpful hands and hearts
served this community.
We'd be remiss not to recall
those who have passed away
for they are here in spirit
as we celebrate today.
We thank them for their efforts,
for their deeds, both large and small,
for without them Chapter 1917
would not have grown at all.*

We sincerely hope that this book of advertisers serves a dual purpose.

First, that the members of the organization and their guests, who receive a copy of this book, will patronize the various advertisers and encourage their families and friends to do the same.

Second, that the advertisers will benefit from the exposure by way of their ad in the book, and will welcome those who come to their businesses as a result of seeing them in the book.
