

RAPTURE ZONE 2022 TIMELINE?

2022 YEAR TIME LINE BASED ON ALTERNATIVE COUNTDOWN TO PENTECOST

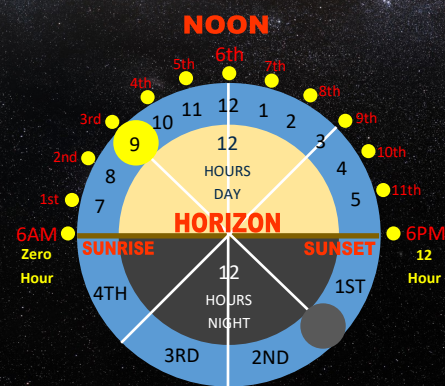

The purpose of this illustration is to chronical the various Astronomical and Biblical Feast for the timeframe after the Spring Equinox to determine a High Watch Season for the Rapture Zone. The supposition is that the True Biblical Calendar is pegged to the synchronization of the Solstices and Equinoxes. With this understanding, a better determination of when the Feast Days of YHVH can be determined. The Timeline supposes the Religious New Year to occur on the 1st New Moon after the Spring Equinox. For the Year 2022, both the Rabbinical and Gregorian Calendars appear to nearly match in sequence, From the New Moon date of April 1, then the other Feasts follow. What is rather significant in 2022 is that the Passover occurs on the 14th. The overarching Premise is that Pentecost is the Prime Candidate for the Rapture Zone. However, this Timeline is based on the Double Count interpretation of Leviticus to be a total of 99 Days (49+50). That being the case, the Start Date is the 'Morrow' after the Sabbath. If this count is extrapolated-out, the concluding Date for Pentecost, 'When it was fully come', is July 23, 2022 (723). It is 33 Days from the Summer Solstice or approximately 125 Days (4 Months) from the Spring Equinox (3000 Hours). It is also in approximate phi ratio from the Spring Equinox, to the end fo the Spring Feasts of YHVH to the 723 Pentecost 99th Day Count. The Blood Moon of May 16 will occur 2 days after Israel's 74th Anniversary and the 1st 49 Day count occurs on the Eve of the 55th Year Anniversary of the June 6, 1967 Israeli-Muslim 6-Day War.
