

WEF DOLLARS AT WORK

As part of the Wakefield Educational Foundation (WEF) 2014-15 Grant program, WEF awarded staff member Chris Gosselin funding toward Digital Bulletin Boards at Wakefield Memorial High School.

In an effort to steer away from communication via papers, morning announcements, static bulletin boards and the school website, the implementation of digital bulletin boards will provide a unified system of communication to promote school events. “The board is simple to update, non-labor intensive and serves as a school-wide, collaborative instrument of communication working to successfully integrate 21st century learning skills”, according to Gosselin.

Pictured with Chris Gosselin are Senila Yasmin, Shannon Quirk and Elizabeth Germino.
